

Holiday Show

ALL HANDS ON DECK!
We are planning a Holiday Spectacular Live from the Whaling Museum Theater on Monday December 8th. We need many volunteers to make this work. If you would like to help, please call Tom Sexton at 508-979-1744.

Our last S-VHS camera has recorded its final frame. Sadly... it will not be missed in this digital age.

New Van

Our new production van is almost complete. This will make it a lot easier to do location shoots. Give us a call if you want to drop by and see it.

Training Class

Our next Training class starts on November 18th. If you know of anyone who would be interested in learning about T.V. production please have them call Tom at (508) 979-1744 or Doug at (508) 979-1463.

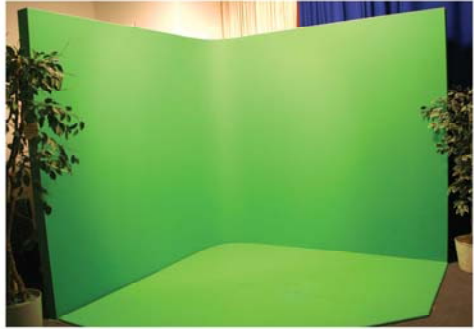

Odds & Ends

Our equipment and facilities are available to anyone who has taken our training course. Just sign up for the equipment at least one day in advance and return equipment on the day agreed to.

We are now exclusively recording on digital cameras, though we still have analog as well as digital editing. We also have new lighting kits and boom microphones available for use.

Two New Sets in Studio A

We are installing a new dimmable lighting system in our large studio, this will give us a lot more flexibility and creativity in our lighting setups. We also have a new main set designed by Dana DeBarros.

In addition to Studio A's new facelift, we have a green wall set for those folks that want to do projections and virtual sets.

Public Access Hours

Mon. 9:00am-8:30pm
 Tues. 9:00am-8:30pm
 Wed. 9:00am-8:30pm
