Creamery Brook Bison was established as a buffalo farm in 1990. We raise buffalo on our farm in Brooklyn, CT. Buffalo meat has been described as the "original health food." With fewer calories and less cholesterol than beef, chicken and turkey, it is certainly a healthy red meat.

Come see the buffalo where they roam. Take a 40 minute wagon ride through a working farm, to the fields to where the buffalo live. Watch the buffalo cows and their calves as they come to the wagon to see you and get a snack of hay and grain.

Enjoy a tasty, healthful buffalo burger fresh from the grill with chips , beverage, and fresh homemade ice cream
