Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of New Bedford is an Entitlement Community that receives funds from the U.S. Department of Housing and Urban Development (HUD) to invest in local solutions to address housing and community development needs. The funds include the Community Development Block Grant (CDBG), the HOME Investment Partnership program (HOME), and the Emergency Solutions Grant (ESG).

The primary objective of the CDBG program is to develop viable communities through the provision of decent housing, a suitable living environment, and expanded economic opportunities. HOME funds are dedicated to preserving and creating affordable housing. ESG supports outreach and shelters for homeless persons, as well as programs that prevent or rapidly re-house individuals and families experiencing homelessness.

The City of New Bedford is pleased to present an Executive Summary of its Annual Action Plan for Fiscal Year 2019 running from July 1, 2019 through June 30, 2020. This Action Plan serves several functions:

1. Utilizing data and community input, it prioritizes housing and community development needs, delineates a one-year strategy for addressing those needs, and establishes performance measures by which progress can be assessed in response to the City of New Bedford's Consolidated Plan FY 2015-2019.

2. It describes recommendations for specific projects and services to address housing, community development, emergency shelter, and homeless needs which were identified through public meetings, needs assessments, coalition meetings, consultations with community groups (e.g. neighborhood associations, linguistic minority organizations, etc.), and proposals solicited through both public meetings and the Request for Proposals (RFP) process.

3. It outlines activities that will be funded utilizing Federal Block Grants from the U.S. Department of Housing and Urban Development for the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and HOME Investment Partnership (HOME) Program.

The city's Action Plan has been prepared in accordance with guidance provided by the U.S. Department of Housing and Urban Development.

2. Summarize the objectives and outcomes identified in the Plan

The 2019 Action Plan includes the goals and objectives outlined below, all targeting community needs related to affordable housing, economic development and employment, and strengthening neighborhoods.
The 2019 Action Plan represents a single application for federal funding that incorporates three (3) HUD formula programs, for a total allocation of $3,727,394 in FY2019 funds. The three (3) HUD programs are as follows:

- Community Development Block Grant (CDBG) at $2,658,238
- Emergency Solutions Grant (ESG) at $223,212
- HOME Investment Partnership, at $845,944

3. **Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City of New Bedford has demonstrated tremendous progress in meeting the goals and objectives identified in the 2015-2019 Consolidated Plan and the most recently completed its Year Four Action Plan. The city's successful efforts focused on activities that have positively impacted the quality of life for low and moderate income residents. These efforts have included increasing the amount of decent, safe and affordable housing; expanding homeownership opportunities; promoting neighborhood-based business revitalization efforts; investment in public infrastructure, facilities, and parks; and providing essential public services.

An inclusive public process, community input, careful planning and a significant commitment of financial resources enabled the city to achieve strong performance across all programs and objectives despite funding constraints from HUD grants.

The City of New Bedford remains confident that its demonstrated high level of performance will be replicated during the period covered by this Action Plan.

4. **Summary of Citizen Participation Process and consultation process**

The City’s Department of Planning, Housing and Community Development (DPHCD) Division, developed the 2019 Action Plan and the 2015-2019 Consolidated Plan with consultation from a diverse group of individuals and organizations. In order to ensure maximum participation from citizens of New Bedford, the Action Plan process included public meetings, technical assistance workshops and distribution of

7. Summary

The following activities listed in the Final Action Plan have been proposed to receive Consolidated Plan program funds during the 2019-2020 program year. Maps illustrating the locations of Consolidated Plan-funded programs will be included here for the Final Action Plan. More details about projects tentatively selected for funding are included in section AP-35 of this document.

During FY2019, the City of New Bedford will make significant progress in implementing its Housing and Community Development goals and priorities as set forth in its Consolidated Plan 2015-2019 and 2019 Action Plan. Many of these activities stand out as having the potential for positively impacting the quality of life for the city's low and moderate income residents. All of these activities have come to fruition as the result of an active public process, community input, careful planning and a significant commitment of financial resources. The three entitlement programs are described as follows:
A. COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
Title I of the Housing and Community Development Act of 1974 (Public Law 93-383) created the Community Development Block Grant (CDBG) Program. Re-authorized in 1990 as part of the Cranston-Gonzalez National Affordable Housing Act, local communities are encouraged to use the resources of the CDBG Program to develop flexible, locally designed community development strategies to address the program’s primary objective, that being the “...development of viable urban communities, by providing decent housing and suitable living environments and expanding economic development opportunities principally for persons of low and moderate income.”

B. EMERGENCY SOLUTIONS GRANT PROGRAM
The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act) enacted into law in May 2009, amends and reauthorizes the McKinney-Vento Homeless Assistance Act and creates the Emergency Solutions Grant (ESG) Program. ESG is designed to broaden existing emergency shelter and homelessness prevention activities, emphasize rapid re-housing, and help people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. ESG funds may be used for street outreach, emergency shelter services, homelessness prevention, rapid re-housing assistance and the Homeless Management Information System (HMIS).

C. HOME INVESTMENT PARTNERSHIP PROGRAM
The HOME Program was created to develop safe, decent and affordable housing through a variety of mechanisms including, home rehabilitation, assistance to first time homebuyers, affordable rental housing development, and assistance to community housing development organizations.

The City of New Bedford remains confident that its high level of performance in the past years can be maintained as it continues exploring innovative opportunities to improve the quality of life for its low and moderate-income citizenry.

See funding allocation charts on the following page.
In addition to the actual allocations, the following amounts reflect prior year reprogrammed funding that will be included in FY2019 budgets for: CDBG $35,186, ESG $165 and HOME $950,000 (which are from projects initially committed with Entitlement funds but subsequently funded with Program Income).

**Narrative (optional)**

The Department of Planning, Housing and Community Development (DPHCD) is the City Department charged with the administration of the federal Community Development Block Grant (CDBG), Home Investment Partnership (HOME), and Emergency Solutions Grant (ESG) funds. DPHCD prepares all plans and reports, provides financial oversight, and monitors program compliance.

The Department of Planning, Housing and Community Development directly operates numerous direct assistance housing programs funded by CDBG and HOME.

The City of New Bedford is also the primary lead organization for the New Bedford Continuum of Care (CoC) and assists with CoC meeting agendas, priority plans, and subcommittee activities. Other city departments and quasi-governmental entities, such as the Community Services Department, Department of Parks, Recreation and Beaches, New Bedford Economic Development Council, and others help administer the funding and/or implement specific programs or projects identified in the 2019 Action Plan.
DPHCD uses subrecipient organizations, identified through an RFP process, to implement programs and projects identified in the Action Plan. These subrecipients are instrumental in the successful fulfillment of Consolidated Plan priorities and goals. DPHCD also issues RFPs for non-profit and for-profit developers to undertake residential and commercial development projects using program financing to address the needs and priorities identified in the Consolidated Plan.

1. Introduction

The City of New Bedford, through its Department of Planning, Housing and Community Development (DPHCD), undertook extensive consultations with relevant agencies, organizations, and community-based groups to obtain input on priority needs, recommended strategies, and investment opportunities. The consultations were conducted through a variety of methods including one-on-one interviews, workshops, focus groups and meetings with existing networks.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l))

The Department of Planning, Housing and Community Development, which is responsible for the development of the Consolidated Plan, Annual Action and Consolidated Annual Performance and Evaluation Report (CAPER), also coordinates many of the housing, planning, and homelessness initiatives within the city. The DPHCD leads the city's planning efforts, including neighborhood-based planning efforts and acts as the lead for the New Bedford Continuum of Care. The DPHCD also chairs a housing coalition of non-profits, developers, bankers, and realtors to identify and address New Bedford housing needs. Finally, the DPHCD maintains continued collaboration with the Community Services and Recreation Departments that oversee the city’s youth programs, family issues, and senior programs. These ongoing collaborative initiatives are examples of ways that the city works to enhance coordination between and among key stakeholders.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The city administratively supports the highly functioning Homeless Service Provider Network (HSPN) that constitutes the Continuum of Care (CoC) and represents all the key agencies, organizations and community stakeholders providing housing, homeless, and prevention services in New Bedford. The HSPN membership includes greater than seventy (70) participants including, private agencies, relevant city departments, the New Bedford Housing Authority and state agencies with responsibility for affordable housing production and homeless services. The HSPN meets monthly with an agenda that is developed by its Executive Committee. The monthly meetings are conducted as strategic planning and training sessions for the entire CoC.

The HSPN, together with the DPHCD, coordinates CoC initiatives such as the Point-in-Time count and an annual Youth Count, the prioritization and operation of programs funded with competitive CoC dollars and the execution of an annual “NB Connect Event” bringing together the city’s public and private resources in a single forum for the benefit of those experiencing homelessness or those whose housing is tenuous. The DPHCD is also the lead for the Homeless Management Information System (HMIS) system for the CoC.
Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Action Plan was developed in consultation with the Homeless Service Provider Network (HSPN) and is consistent with the goals and priorities of the Continuum of Care (CoC). The city requires their Emergency Solutions Grant (ESG) subrecipients to participate in the local CoC (through the HSPN) and its community planning process to make sure collaboration and planning meaningfully exists at the local level. This is based on HUD’s mandate to coordinate with CoCs and to prevent duplication, waste, and assure sub-grantees that can best provide eligible services are identified and funded.

Within the CoC application, the city, in coordination with the HSPN members, establishes individual program outcomes and ESG written standards. Through ongoing program reports and city monitoring efforts, the performance standards and program outcomes are evaluated by an established Application Review Committee. HMIS data is evaluated at the program level to ensure adequate utilization of the system.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction’s consultations with housing, social service agencies and other entities.

1. Summary of citizen participation process/Efforts made to broaden citizen participation
   Summarize citizen participation process and how it impacted goal-setting

The City of New Bedford undertakes a comprehensive process for civic engagement and public participation in accordance with its Citizen Participation Plan. Through direct consultation and public meetings, the city ensured that the plan met the needs and concerns of its low to moderate income residents specifically in the areas of affordable housing, suitable living environments and economic development. In addition to resident input through public meetings, the city reached out to social service organizations, housing providers, and other governmental and public entities to provide input into the identification and prioritization of needs. As part of the Action Plan process, the city held two (2) public meetings in January 2019 to solicit input from New Bedford residents and community based organizations. Over forty-five, (45) community leaders, residents and representatives of local non-profits attended the public meetings, focus groups and forums and provided critical input on community needs.

The draft Action Plan was made available by hard copies at the DPHCD office, City Hall, at various library locations throughout the city and on the City of New Bedford website. Any public comments received during the public hearings, public meetings, and during the public comment period are included in the plan. Lastly, the city publishes, in English, Spanish and Portuguese, notices regarding the public hearings, public meetings and public comment period in the official newspaper for the city. The city will consider all comments received during the Action Plan process.

Table 1 - Expected Resources – Priority Table
Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City of New Bedford anticipates CDBG funds will leverage additional resources. Non-entitlement funds that will be used to further the goals of the Strategic Plan may include: private foundations, organizations, and individuals. The following leveraged resources are anticipated during the Consolidated Plan period:

- **City General Funds - $2,250,000**: The annual City budget commits resources for the priority activities including Public Parks, Facilities, and Infrastructure, and the Health Department.

- **Community Preservation Act - $2,547,875**: City and State funded initiative for open space, historic preservation and housing.

- **State Affordable Housing Resources - $1,750,000**: Affordable Housing Developments are likely to utilize a variety of State Housing Resources including Housing Bond funds, State Tax Credits, Historic Tax Credits and the Mass Rental Voucher program.

- **Federal Affordable Housing Resources - $1,350,000**: Affordable Housing Developments are likely to utilize Low-Income Housing Tax Credits, Historic Tax Credits, Housing Trust Funds, and Federal Home Loan Funds.

- **YouthBuild New Bedford - $200,000**: Department of Commerce award for Youth Build activities.

- **Philanthropy - $800,000**: Private funding from national, state, and local funders including the United Way and Private Foundations, and private donors.

- **New Market Tax Credits**: NMTCs were created in 2000 as part of the Community Renewal Tax Relief Act to encourage revitalization efforts. The NMTC program provides tax credit incentives for equity investment.

- **Section 8 Funds**: Section 8 is administered by the New Bedford Housing Authority and provides rental subsidies.

- **Massachusetts Rental Voucher Program**: administered by the State and provides rental subsidies.

- **Massachusetts HomeBASE Program**: HomeBASE is the Commonwealth’s re-housing benefit created to provide those who qualify for emergency assistance and shelter an opportunity to overcome some of the financial barriers to ending their homelessness. Funded and administered by the Department of Housing and Community Development’s Division of Housing Stabilization (DHS).
**Match:** The ESG program matching requirements are met through non-federal resource secured by individual program providers to meet or exceed the 1:1 HUD mandated ESG match requirement. All of our ESG funded programs have committed or surpassed the dollar for dollar match contribution on their awards. The HOME statute provides for a reduction of the matching contribution for qualified communities. New Bedford in FY19, had 19.3% of families living in poverty and had an average of per capita income of $23,866. New Bedford has met both conditions to receive a 50% match reduction. The city has met its match liability requirements through the leveraging of state and federal resources as identified on form 40107-A.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

Publically owned land will be utilized in the furtherance of affordable housing development and to support the Mini-park and community garden program. Properties taken for back taxes may be used for housing redevelopment. Additionally, vacant city lots may be used for affordable in-fill housing or as Mini parks/ community gardens. The use of publically owned properties will address the need for safe, affordable housing and for increasing residents’ access to recreational activities.

**Discussion**

The priorities identified within the Strategic Plan are the outcome of an extensive, comprehensive effort to identify community needs. The Strategic Plan assesses the available resources available to meet those needs. The City of New Bedford’s investments will leverage public and private funds to address the economic development, affordable housing, community development, and special needs populations’ needs.

**Contingency Provision:** The City of New Bedford included contingency language in the Draft FY19 Action Plan to account for not receiving exact entitlement allocations prior to the publication of the Draft FY19 Action Plan. The funding levels incorporated in the Draft FY19 Annual Action Plan and released for public comment were based on the funding allocations awarded in FY18. Any increase or decrease in funding allocation amounts will be applied proportionally to either reduce or increase funding to the CDBG, ESG and/or HOME Programs by the same percentage as depicted in the final allocation amounts released by HUD.
BUDGET: The following budget charts provide a breakdown of the CDBG, ESG and HOME programs and projects for FY19.

Table 2 – Goal Descriptions

**Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.215(b):**

The City expects to assist a total of 45 rental and ownership housing units. These affordable units proposed for the 2019 Action Plan include:

- Homebuyer assistance for 10 homebuyers;
- Home repairs for 28 low income homeowners;
- Housing accessibility improvements for 7 disabled owners and renters;
- Rapid Re-housing rental assistance to 30 homeless households;
- Homeless Prevention one-time rental assistance for 45 persons/households.

These types of housing assistance are projected to fall into the following HUD-defined income categories (based on prior experience with these programs):

- 15 extremely low-income (30% of Area Median Income);
- 15 very low-income (50% of Area Median Income);
- 15 low-income (80% of Median income);
- 0 moderate-income (95% of Median income).
AP-35 Projects – 91.220(d)

Introduction

In Year 5 of the Consolidated Plan, the city has allocated funding that addresses unmet priority need while continuing commitments to successful programs and multi-year initiatives. The HOME Rehabilitation program is a long-standing, successful effort that addresses a high need as identified in the Resident Needs Assessment—safe, affordable housing. Similarly, the economic development programs and initiatives operated by the New Bedford Economic Development Council are indicative of the city’s long-standing commitment to support local business growth. Public service activity programs are successful programs operated by the city and non-profit partner agencies. Public infrastructure and projects represent a continued commitment to improving public spaces.

Table 1 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The city allocated funding to address the priorities identified within the Consolidated Plan process. Reasons for allocation priorities are based on citizen input, broad goals established by the city, and demonstrated need for activities such as homeless services, economic development and neighborhood revitalization. The overwhelming priorities are the continued commitment to improving housing conditions, which account for 23% of the CDBG entitlement funding, and economic development initiatives, which account for 20% of CDBG entitlement funds.

Programs that support improvements to public infrastructure, facilities, and parks represent a significant investment in the capital needs in low and moderate income neighborhoods.

For the Consolidated Plan, the results of citizen input strongly supported homeownership and housing rehabilitation, so the city sets a priority on encouraging new homeownership and preserving existing homeownership. The primary obstacle to meeting underserved needs is limited availability of local,
state, and federal funding. Another obstacle is the continued affordability gap for renters and homeowners. Despite comparable low rent rates and real estate sales, a greater number of New Bedford residents pay a disproportionate amount of their income on housing.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

As outlined in the Five Year Consolidated Plan, the city will continue to direct federal resources, to the greatest extent possible, to areas with the greatest concentrations of low and moderate income populations. The CDBG Financial Assistance programs and the HOME First Time Homebuyer Programs are provided to applicants city-wide and not in any specifically targeted area. The basis for allocations of federal resources identified in this plan was predicated upon a comprehensive analysis, needs assessment and extensive public outreach further described in this document to identify priority categories and geographic preferences to meet the priority needs of the community. Attached in Appendix II is a map detailing the geographic areas to which assistance will be directed.

Table 1 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City will continue to direct federal resources, to the greatest extent possible, to areas with the greatest concentrations of low and moderate income populations. The basis for allocations of federal resources identified in this plan was predicated upon a comprehensive analysis, needs assessment and extensive public outreach further described in this document to identify priority categories and geographic preferences to meet the priority needs of the community.

Discussion

Because the primary national objectives of the Consolidated Plan programs are to benefit low-income and moderate-income residents, New Bedford’s federal block grant program funds will target significant assistance to those areas found to be the most economically and physically distressed in the city. New Bedford will greatly increase the measurable and effective impact of these federal dollars by enhancing the quality of life in its most blighted neighborhoods.

The public infrastructure and public facility projects funded in this plan are located within some of the most economically challenged neighborhoods in the city. A number of census tracts that are targeted for funding have low and moderate income populations in excess of 70% of the general population. In addition, a number of public service programs are funded specifically with census tracts that also have high concentrations of low and moderate income persons.

Many of the city’s housing and homeless projects are city-wide because they are targeted to meet the needs of low- and moderate-income households and persons throughout the city. The public service programs funded also provide services throughout the geographic parameters of the city. New Bedford supports the even distribution of CDBG, HOME and ESG funded activities throughout the neighborhoods of the city that demonstrate need and where opportunities to increase the affordable housing stock exist.
HOME Investment Partnership Funds (HOME) will be utilized to rehabilitate rental housing, directly assist homebuyers, and target resources to abandoned and derelict properties.

Emergency Solution Grant and Continuum of Care funding are targeted to address homeless needs within the City of New Bedford.
Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City continues to promote a range of affordable housing projects. Homeownership options will be supported through the continuation of a city-wide First-time Homebuyer Down payment and Rehabilitation Assistance Program as well as redevelopment projects undertaken by non-profit and Community Housing Development Organizations (CHDO).

The City’s affordable rental housing pipeline projects include at this time: the renovation and redevelopment of several projects. The first is with the local Veterans agency and will produce thirty (30) units, all of which will be affordable units and the second project is with the local YWCA and will produce eight units of affordable rental housing units. In addition, our local CHDO is proposing to renovate a six unit property to create affordable rental housing and another developer is proposing to redevelop a former mill into seventy one units of rental housing. Due to the nature of these projects and complexity of financing, these projects are likely to be completed in FY2019.

Introduction

The New Bedford Housing Authority (NBHA) was established in 1938 and serves as the public housing agency for the City of New Bedford. The Authority provides housing to income qualified residents in its 1,750 federally-subsided units and 761 state-funded units. In addition, the NBHA administers both state and federal rental voucher programs that allow approximately 1,800 applicants to secure housing from private landlords. Overall, the NBHA provides housing to over 4,583 elderly, disabled and family households.

Actions planned during the next year to address the needs to public housing

During the Action Plan period, the New Bedford Housing Authority has defined the following as priorities for the restoration and revitalization of public housing units and will address the following capital improvement needs:

1. Replace inefficient windows at Bay Village with new, insulated windows.
2. Install additional cameras and lighting at state and federal developments to enhance security.
3. New roofs at DeMedeiros I, Harwich Manor, Dottin Place II, and continue phasing of new roofs at Blue Meadows and Nashmont.
4. Replace corroded and leaking basement sewer pipes at Blue Meadows, Nashmont and Parkdale.
5. Redesign of one existing courtyard at Brickenwood to eliminate unnecessary pavement and create more green space. Also, continue phasing of replacing drainage and sewer lines.
6. Finalize off-site power purchase agreements for federal developments.
7. Begin construction under the Energy Performance Contract that will replace existing boilers, hot water tanks, radiators, toilets, etc. with high efficiency models, and add PV Solar panels to select locations. Energy savings are used to pay for these improvements.
8. Siding and trim repairs at Brickenwood, Blue Meadows, Nashmont, and Ben Rose.
9. Porch repairs at Ben Rose and Caroline Street.
10. Parking lot and/or sidewalk improvements at Hillside Court, Church Street I, Richmond Street, Caroline Street, and Bourne Street.
11. New common entrance doors and access control at common entrance and unit entrance doors at Alec Street.

1. Continue to work with the Resident Advisory Boards (RAB) to serve as a forum for better communication between residents and the Authority.
2. Continue to work with the New Bedford Public School Department to provide before/after school academic support and enrichment programs within the family developments.
3. Established a non-profit housing corporation to provide affordable housing opportunities to New Bedford residents and other low-income persons.

4. Implement the state-funded “A Better Living” program where residents in three State developments will be provided with educational and training assistance to further their efforts in becoming self-sufficient.

5. Promote the arts and humanities through collaboration with the Community Foundation.

NA
AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City of New Bedford’s Continuum of Care (CoC) was formally established in 1995 and has long served the community homeless needs through its Homeless Service Provider Network (HSPN). The HSPN is a collection of over fifty (50) agencies, individuals and organizations which advocate on behalf of homeless individuals by enlisting the cooperation of homeless providers, to improve the accessibility of existing public resources, to maintain statistical data on the homeless population, and to provide supportive services and empowerment strategies to allow these individuals to be integrated into the community through a compassionate Continuum of Care.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs.

1. Complete the transition to the Continuum of Care’s (CoC’s) new HMIS vendor, Caseworthy, which went “live” at the end of January 2019 after nearly one year of data migration from the CoC’s legacy HMIS system. The improved data quality customized reporting and increased ability to easily and readily access such data will significantly enhance both program performance and system performance outcomes.

2. Continue undertaking strategic planning efforts, particularly those outlined in the New Bedford CoC’s Two Year Strategic Plan to End Homelessness, to assess the efficacy of the existing shelter to housing system within the CoC, analyze existing systemic and programmatic gaps that may exist and strategically articulate the action steps needed to ensure that the city’s vision for preventing and ending homelessness comes to fruition.

3. Revisit, improve and ensure consistency with the CoC’s performance and evaluation thresholds/standards with the assistance of an outside consultant through a previously awarded CoC Planning Grant.

4. Actively coordinate the development of performance standards for evaluating the effectiveness of ESG program funded activities within the CoC, making sure to address the degree to which ESG program funded service providers are succeeding in targeting those who most need assistance, reducing the number of people living on the streets or in emergency shelters, reducing the time people spend experiencing homelessness and reducing program participants’ housing barriers or housing stability risks.

5. As a means of reducing and ending unsheltered homelessness in New Bedford, continue to utilize street outreach and encampment protocols undertaking a consistent and collaborative approach to effectively address the presence of encampments and other instances of unsheltered individuals/groups living throughout the city. This strategy will include the funding of a street outreach effort using ESG dollars.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of New Bedford has two (2) year-round emergency shelters for individuals; the Sister Rose House and Grace House. The Sister Rose House is an emergency shelter in the city’s south end providing twenty-five (25) beds for individual males experiencing homelessness and is located next door to Grace House providing nine (9) beds for individual females experiencing homelessness. These shelters also
provide job training efforts in culinary arts with a complete commercial grade kitchen. Supplementing the year round individual shelters is an emergency overflow shelter with thirty (30) beds that is activated on a weather-dependent, as-needed basis from November 1 – April 30th.

In addition to these individual shelters, the city has two (2) family shelters made available through the Commonwealth’s Emergency Assistance (EA) program. Massachusetts is a right-to-shelter state where all families seeking shelter services access them thru the MA. Department of Housing and Community Development (DHCD). One such EA shelter, Harbour House, is operated through Southeast Family Services and is a congregate family shelter providing forty-four (44) beds. A scattered site EA shelter operated by Catholic Social Services additionally provides housing accommodating fifty-nine (59) family beds in multiple city locations.

Despite HUD’s de-emphasis on transitional housing, the city is home to a reduced network of transitional housing programs that continues to provide essential stabilization services to individuals and families experiencing homelessness that are not otherwise provided through emergency and permanent housing programs. The existing transitional programs do not receive any funding through the HUD’s Continuum of Care. These programs consist of Kilian’s House serving eight (8) unaccompanied youth ages 18 – 24, the Sr. Rose Transitional Program, Home Port (for Survivors of Domestic Violence), the Graduate Program, New Bedford Women’s Therapeutic Community, VTH GPD Program and the Veterans Transition House.

A priority of the HSPN and New Bedford’s CoC is to move families and individuals into permanent housing as quickly as possible. In so doing, the CoC supports the Housing First model to ensure the most rapid movement out of low-barrier emergency shelter or transitional housing programs to appropriate permanent housing, with services, if needed. The city utilizes both Emergency Solutions Grant (ESG) and CoC funded programs to provide essential services to address the housing needs of homeless families and individuals, including several rapid re-housing programs. It has also provided, and will continue to provide, technical support to transitional housing programs planning to convert to permanent supportive housing.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The city will continue to target ESG funds to support the prevention of homelessness to keep those households at risk of becoming homeless and stably housed while continuing to employ best practice rapid re-housing activities to help move homeless persons quickly into permanent housing. Additionally, the continued use of its coordinated and comprehensive intake assessment system will further ensure that the most vulnerable chronic homeless individuals and families will be prioritized and more quickly and appropriately placed in permanent, sustainable housing settings.

The city works with six (6) CoC funded permanent housing programs that provide two hundred eighty-one (281) beds of permanent supportive housing (PSH), of which 100% of the beds are dedicated for those meeting the definition of chronic homelessness. Substance abuse remains a leading cause of
homelessness and chronic homelessness in New Bedford. Programs such as the CoC funded “Step-Up” program provides quality permanent housing and employment training opportunities to people with disabilities who are transitioning from homelessness. The Step-UP Permanent Housing Program provides a housing rental subsidy coupled with a rigorous personal development program.

Rapidly re-housing individuals and families remains a high priority of the CoC because of the flexibility the program offers in immediately accommodating people in permanent housing. The CoC funds the Transition to Stability Program operated through Catholic Social Services (CSS) has thirty (30) year round beds. Although not funded by the CoC, the HomeBASE CSS/JRI (Justice Resource Institute) rapid rehousing program provides upwards of 252 year round beds and continues to be an important part of New Bedford’s effective homeless response. Both programs rapidly connect families experiencing homelessness to scattered site long-term rental assistance through a tailored package of assistance that includes the use of time-limited financial assistance and targeted supportive services.

Additionally, New Bedford’s HSPN has active organizations that provide housing and wraparound services for various subpopulations. The Veterans Transition House operates shelter, transitional and permanent housing programs and services for veterans and their families. Catholic Social Services operates several family housing programs and collaborates with the New Bedford Housing Authority in seeking project based certificates to ensure long term stability and to prevent individuals and families from becoming homeless again. The New Bedford Continuum includes a variety of McKinney-Vento-funded supportive services programs to assist homeless persons address employment, access mainstream resources, as well as provide income growth, financial literacy, fair housing, and other related needs, so that they can obtain and retain housing.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

The City utilizes CDBG, ESG and state resources including the Massachusetts Emergency Assistance Shelter Program, HomeBASE, and Rental Assistance for Families in Transition in order to prevent low-income individuals and families from becoming homeless. Households are assessed not only for their eligibility for assistance under these resources, but also for mainstream resources with the goal of increasing household stability. New Bedford provides targeted ESG funds to continue the prevention of homelessness through prevention-focused case management, targeted financial assistance to address arrearages and prevent eviction, legal assistance, advocacy, and support for housing stability. The City will continue to work with the Homeless Service Provider Network committee on discharge planning to monitor compliance with state discharge plans and locally-created discharge protocols.

**Discussion**

The City has established broad goals which guide its policy and resource allocations which include:

1. Prevent homelessness for both individuals and families experiencing either episodic or chronic homelessness;
2. Expand the supply of permanent supportive housing targeted to homeless individuals and families;
3. Improve the existing network of emergency shelter and transitional housing;
4. Improve coordination and collaboration among homeless providers to meet the needs of emerging homeless subpopulations;
5. Expand employment opportunities and employment-related services for homeless individuals and families; and,
6. Improve access to mainstream resources for homeless individuals and families.
AP-75 Barriers to affordable housing – 91.220(j)

Introduction

New Bedford has adopted public policies and programs that encourage residential investment within the city. These efforts include expedited permitting, government financing to reduce development cost, and high-density zoning regulations. While these public policies have helped with the development of affordable housing, other public policies, many of which are not unique to New Bedford, create barriers to affordable housing. These policies include:

- Hazards in the built environment, such as lead paint;
- Perception of possible environmental contamination and costs associated with remediation;
- Cost of site assembly of non-conforming urban lots;
- Increased construction costs;
- Challenges to obtaining clear title on older parcels;
- Complexity of financing required to undertake larger projects;
- Down payment requirements for conventional loan products; and
- Affordability gap between income and housing costs.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

During the Action Plan period, the city will promote affordable housing through the utilization of tax taking and receivership properties for affordable housing development sites, through the provision of funding to address environmental hazards (lead paint), and the structuring of HOME funds to maximize affordable housing development. The city will also utilize the Attorney Generals Receivership Program to address blighted properties and create homeownership opportunities.

Discussion

The Department of Planning, Housing and Community Development continues to work cooperatively with private developers, non-profit developers and community groups in developing initiatives for new affordable housing including utilizing the Low Income Housing Tax Credit (LIHTC) program, the State Historic Tax Credit Program, and other available programs whenever possible, throughout the city.
Introduction

The Annual Action Plan activities and goals coincide with the priorities identified within the Consolidated Plan. The activities selected for Year 5 funding are those projects that are ready to proceed, able to make immediate impact to low and moderate income persons. Eligible projects selected through the Planning process included investment in capital needs including public streetscape improvements, and public facilities.

The City will also continue to operate its successful home rehabilitation program, emergency repair program and de-leading programs as well as economic development initiatives.

Eligible public service activities were selected through a formal solicitation process, which priorities program to best addressed identified needs.

Actions planned to address obstacles to meeting underserved needs

The greatest obstacle to addressing underserved need is limited federal and local funding. The needs of the community are greater than the available local and federal funds. The city will continue to look to further determine need, recommend new policies and programs, and implement local solutions to meet the housing needs within the city. The city will seek to maximize the resources available in furtherance of the Year 5 activities.

The city will insure that selected public improvement projects are ready to proceed. Often, public works projects can encounter numerous delays due to public process, design, and weather constraints. To minimize delays, the city has selected those improvements that are able to be undertaken during Year 5.

Actions planned to foster and maintain affordable housing

The city has allocated approximately 25% of its annual CDBG allocation towards the goal of preserving, producing, and improving affordable housing. The city will continue to operate successful housing programs including: emergency repair program, financial assistance program, housing accessibility program, de-leading program and HOME loan program. The city will additionally utilize HOME funds to support the programs and projects of its affordable housing developers. The city plans to foster and maintain affordable housing for New Bedford residents by funding activities for homebuyer assistance and housing rehabilitation. The First Time Homebuyer Program makes the home more affordable to low and moderate income residents by assisting with down payment and closing cost expenses. The purpose of the Housing Rehabilitation program is to assist low-income property owners with repairs to meet their needs for safe and decent housing. Rehabilitation is intended to enhance, improve, and preserve neighborhoods. The city will continue to facilitate multi-family, mixed-use and mixed income development projects.
**Actions planned to reduce lead-based paint hazards**

The city addresses the goal of reducing lead-based paint hazards through the operation of its housing programs. The city will continue to provide housing rehabilitation funding that requires safe treatment of all lead-based paint hazards. The city has allocated CDBG funds to a de-leading program and a home rehabilitation program. As homes enter these programs, they are evaluated for lead paint and, when necessary, such hazards are reduced or eliminated, as required.

Actions taken to reduce lead-based paint will be conducted in accordance with HUD’s lead-based paint regulations. In addition, homes to be purchased through the First Time Homebuyer program that fail the required visual paint inspection will be tested for lead paint. If lead paint is present, the owner will be informed of the appropriate requirements to respond to the lead paint, and the purchase will not proceed with federal funds unless and until interim controls are completed. In addition, the city will insure compliance with HUD and MA lead laws on all homebuyer assistance and developer-driven projects, homeowner and rental.

**Actions planned to reduce the number of poverty-level families**

The city's anti-poverty efforts as detailed within the Consolidated Plan included:

- Focus on economic growth and investment in high poverty areas;
- Creation of affordable, quality housing;
- Investment in homeownership, which creates wealth;
- Improvement in housing conditions often linked to poor health;
- Emphasis on identification and removal of barriers to education and employment;
- CDBG funding for family and youth supportive services such as childcare, after-school programs, and recreation programs;
- Case management and information and referral services to special needs, low/moderate income, and below poverty level families through various nonprofit organizations; and
- Supplementary and emergency assistance, rental assistance, child care, health, transportation, utility assistance, financial assistance and educational assistance to low/moderate income families, particularly those with special needs.

The Action Plan includes funding for each of these strategic efforts.

**Actions planned to develop institutional structure**

It has been and remains a priority for the city to develop and enhance an effective and efficient program delivery system for the use of federal funds. The city continues to monitor, assess, and seek ways to further improve its performance. Solid relationships have been built with public institutions, private and nonprofit partners, to implement activities and projects that require multiple funding sources. Through ongoing meetings and periodic technical assistance provided by the city, all partners are encouraged to share their thoughts on how the delivery system and programs could be made better.
The Department of Planning, Housing and Community Development [DPHCD] is the lead department for the development and implementation of the Annual Action Plan (AAP). During the development of the Plan, the DPHCD consulted with key stakeholders, City Departments, and neighborhood groups. Throughout the implementation of the AAP, the DPHCD will continue to coordinate with these partners. For example, two (2) CDBG funded projects and the majority of Public Facilities and Infrastructure improvements will be implemented through city departments; additionally, twenty four (24) non-profits will operate programs to further the goal of improving the quality of life.

**Actions planned to enhance coordination between public and private housing and social service agencies**

The City benefits from a strong network of New Bedford-based providers as well as a network of regional housing and human services providers. The city will continue to be actively engaged in Regional Workforce initiatives and the Fall River/ New Bedford Housing Partnership. The Homeless Service Provider Network will continue to be actively supported by the Department of Planning, Housing and Community Development.

**Discussion**

Within its Master Plan, New Bedford 2020, the City has achieved consensus on priority initiatives, organizational roles, and desired outcomes. The Consolidated Plan identifies the opportunities to invest federal Entitlement funds in support of the city's master vision. New Bedford is actively pursuing economic development opportunities that capitalize on its strategic location and reflect market opportunities in the current economy; New Bedford continues to support housing programs, capital investments, and human services programs that improve the quality of life for all New Bedford residents.

HOME Investment Partnership Program (HOME)  
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

   The City of New Bedford will only use the forms of investments identified in Section 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

   The City of New Bedford will continue to provide direct assistance in the form of HOME loans to assist low- to moderate-income homebuyer applicants afford homeownership under its Affordable Housing Programs. HOME loans are secured with a recorded deed and a promissory note and a HOME participation agreement between the borrower and the city, and an affordable housing restriction, if required for multi-family properties. The City has elected to use the recapture option to comply with the Affordability requirements under §92.254 of HOME rules. The initial buyer must reside in the home as his/her principal residence for the duration of the period of affordability, according to the HOME rules. Pursuant to 24 CFR 92.254(a)(5)(ii), the city requires that the amount of the direct HOME assistance to the buyer be recaptured if:

   All or any part of the property or any interest in it is sold, conveyed or transferred during the prescribed Period of Affordability as described in Homebuyer Participation Agreement. The amount of direct HOME assistance is the total amount of HOME assistance that enables the buyer to purchase the unit, including: down payment and closing cost assistance and the amount that reduces the purchase price from fair market value to an affordable price. The city shall recapture the direct HOME assistance loaned from the net proceeds available from the sale of the HOME-assisted property on a shared equity basis, according to a predetermined formula in the promissory note to the homebuyer. The net proceeds are the sales price minus the repayment of all other mortgage debt senior to city’s loan (other than the city funds) and closing costs. The city’s Recapture Provisions are located in Appendix II.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

   For HOME-funded affordable housing development projects, the city records a HOME Deed Restriction against the property that places a covenant and use restriction. The covenants and restrictions are for the benefit and protection of the city, and enforceable by the city, and bind the current borrower, its successors, assigns, transferees and future owner(s) of the property. The borrower agrees on behalf of itself and its successors and assigns, and each future owner of the property to adhere to all requirements of the HOME Program during the period of affordability. The requirements include, by way of example, but are not limited to: (1) requirements related to rent limitations; (2) requirements related to tenant income, and any required reporting and certification requirements; (3) requirements related to the provision of HOME Program-required tenant and participant protections; (4) requirements related to HOME Program nondiscrimination requirements and Affirmative fair housing marketing requirements.
The City will ensure that projects are sustainable over the long term and will review management practices, fiscal soundness and other financial commitments through its subsidy layering and underwriting review to determine that long term needs of the project and the targeted populations can be met during the period of affordability.

For HOME-funded homebuyer assistance loans, the Promissory Note, Deed, and Homebuyer Agreement stipulate the terms for early loan repayment or repayment due to default. The City chooses to recapture the funds if the repayment occurs during the affordability period, rather than to place continued affordability restrictions upon subsequent buyers/owners of the properties, as long as the Borrower remains in compliance with the terms of the Note, the Mortgage, the Loan Agreement and the Affordable Housing Restriction. If the HOME-assisted homebuyer fails to occupy the unit as his or her principal residence (i.e., unit is rented or vacant), or the home was sold or otherwise transferred during the period of affordability and the applicable recapture provision was not enforced, then the project will be considered in noncompliance. The Affordable Housing Restriction (collectively “The Loan Documents”), the HOME loan will be forgiven once the affordability period is complete. A copy of the city’s Recapture, Mortgage and Promissory Note forms are attached in Appendix II.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not intend to use HOME funds to refinance existing debt.
1. **Include written standards for providing ESG assistance (may include as attachment).**

   The city has established Written Standards for providing ESG assistance and can be found within the Appendix II.

2. **If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.**

   Catholic Social Services is the agency in New Bedford that is administering the coordinated assessment/centralized intake system for the New Bedford Continuum of Care. The revised Operational Protocols can be found within the Appendix II.

3. **Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).**

   The ESG award process mirrors the CDBG process both chronologically and functionally. Public notices announce the availability of funding and series of public meetings, an RFP is issued, applications are solicited and evaluated against specific criteria and a draft plan is developed that includes proposed activities/funding levels. Following the 30 day public comment period the City Council takes action to adopt the Action Plan. A technical workshop is conducted to advise/assist subrecipients and a subrecipient agreement is executed by the receiving entity and the city. Award years begin July 1st and conclude June 30th The entire process rendered transparent thanks to the engagement of a community participation plan.

4. **If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.**

   The New Bedford CoC does meet the homeless participation requirement articulated in 24 CFR 576.405(a) and additionally welcomes those currently experiencing homelessness and those who may have previously experienced homelessness through referring member agencies. In addition, the city is reviewing its ESG subrecipient agreement template and assessing how it might incorporate a standard requiring or requesting subrecipients to involve homeless/formerly homeless in meaningful operational decision-making.

5. **Describe performance standards for evaluating ESG.**

   Performance standards are included within the ESG subrecipient agreement. A copy of last fiscal year’s template is attached in Appendix II.

The meeting began at 6:15pm.

Patrick Sullivan, Director of the Planning, Housing and Community Development Department (DPHCD) welcomed the attendees, stated the purpose of the meeting, described the work performed by DPHCD, and that funds must benefit individual and families who are low / moderate income. Mr. Sullivan also introduced staff members Jennifer Clarke, DPHCD Deputy Director and Joseph Maia, DPHCD Grants Compliance Coordinator. These two staff members will be responsible for working with subrecipients thru the RFP process and if funded during the course of the program year.

Mr. Sullivan then described the agenda and purpose of the public meeting. In 2015 our Department completed its 5-Year Consolidated Plan 2015-2020 and is now going into the 4th year of the 5-Year process. During the public meeting and presentation, we will be discussing DPHCD’S three (3) funding sources from the Department of Housing and Urban Development (HUD): Community Development Block Grant (CDBG), HOME Program and Emergency Solution Grant (ESG), reviewing our overall performance measurements and outcomes for this past program year, obtain input from the audience and community about our Action Plan, and finally discussing the upcoming RFP process.

The Department of Planning, Housing and Community Development is a city department that provides a variety of community services and programs that benefit primarily individuals and households who are low and moderate income. Programs and services include Housing Rehabilitation, Economic Development, Infrastructure Improvements, Parks and Playground Improvements and a variety of different initiatives.

Why are we here? To help with the Request for Proposal (RFP) process but most importantly to get community input / comments and/or engage the community to understand their hidden needs. Through this type of community engagement, it helps our department understand / identify projects that best meet and address the needs of the community. Mr. Sullivan stressed the crucial importance of community input in guiding our actions, programs and services.

Patrick Sullivan, Director and Jennifer Clarke, Deputy Director, of DPHCD delivered the PowerPoint presentation on the Consolidated Plan and the Action Plan. The presentation summarized the mission of DPHCD and its federal funding sources, described eligible and ineligible activities, discussed projected budgets, and highlighted recent housing and community development projects funded with CDBG, HOME, and ESG funds.
Mr. Sullivan presented the Action Plan calendar and the important dates of the Action Plan process, including the technical assistance workshop. Mr. Sullivan then opened up the floor for questions and comments. All input and comments will be incorporated into the Annual Action Plan.

Lorene Sweeney, city resident asked if any of the available grants are appropriate for scholarships for students to attend summer camp programs that are associated with UMass Dartmouth, as tuition is several hundred dollars to attend.

Patrick Sullivan, Director stated more information would be needed on the program and would need review eligibility. In the past we have funded programs directly and indirectly and would like to speak to her to get more information.

John McCoy, city resident stated that last summer the city temporarily banned the use of barbecuing and cooking picnics in parks and this resulted in a huge outcry. During the summer months, many tenement properties are very hot, their only outlet in the summer is to go to the beach, Hazelwood Park and Fort Taber as these areas are very cool by the water. Mr. McCoy stated at the moment there is a committee being formed to address these issues and wondering if the grant funds can be allocated to help with this project. Mr. McCoy also stated the main issue at Hazelwood Park is the steep slope, which uncomfortable and unsafe if you are sitting in a chair. Lastly, Mr. McCoy stated he is advocating for additional funds to be allocated to the Park Department for this project.

Mark Hess from HallKeen Management stated his organization is looking at the Union Street Lofts for long term capitalization plan and capital improvements and is wondering how to determine low-moderate income due to location being classified as mixed-used and also at what point would applicants be notified of funding and amount of recommendation.

Patrick Sullivan stated housing units are eligible if 51% of the units are occupied by LMI households while commercial storefronts can be rehabbed if in a LMI income census track that serves the area. Mr. Sullivan then mentioned the draft action plan is posted around March 22nd and then submitted to City Council for approval. The draft action plan includes proposed funding amounts and projects.

Joseph Gibbs, city resident spoke about the poor conditions of city streets in the area of Cedar Grove Street, where he resides and would like for the conditions to improve. Mr. Gibbs also stated that Section 8 housing should be reviewed yearly due to conditions of the properties.

Patrick Sullivan stated the City’s Department of Public Infrastructure has a plan to improve the city streets and sidewalks and CDBG funds have been used towards those improvements.

Ken Gilbert from the Verean Veterans Memorial, located at 561 Purchase Street, stated the center opened in 2008, however they have been having issues with the building and need some repairs done such as roofing, siding, updating fire alarm in kitchen and a new sprinkler system on the second floor. Mr. Gilbert stated this organization is the only Cape Verdean Veterans Club in the Country and is looking for financial assistance to address the current building issues.

Patrick Sullivan thanked the Verean Veterans for the many years of service to our community and would be happy to provide technical assistance for the application process.

A member of the Verean Veterans Memorial spoke in support of the building repairs and stated the Verean Vets have been operating since the Second World War ended and this organization provides
assistance to the community such as placing over 2,000 flags at St. John Cemetery every year and would greatly appreciate any assistance they can receive for the building repairs.

No additional comments, concerns or suggestions were received.

Finally, the RFP schedule was announced again and that RFPs are available at the DPHCD office and on the website and the technical assistance workshops are scheduled for Friday January 11th.

Mr. Sullivan thanked everyone for coming and adjourned the meeting at 6:45pm.

Patrick Sullivan, Director of the Planning, Housing and Community Development Department (DPHCD) welcomed the attendees, stated the purpose of the meeting, described the work performed by DPHCD, and that funds must benefit individual and families who are low / moderate income. The City of New Bedford is an Entitlement Community that is a direct recipient of three funding sources: Community Development Block Grant (CDBG), HOME Program and Emergency Solution Grant (ESG). Additional information about the programs, eligibility will be discussed during the power point presentation.

In 2015 our Department completed its 5-Year Consolidated Plan 2015-2020 and is now going into the 4th year of the 5-Year process. During the consolidated planning process, DPHCD conducted a needs assessment to better understand the city's community development needs and priorities. The purpose of the community forum meetings is to listen to your thoughts, ideas, and suggestions and see how they align with our 5-year needs and priorities. Along with community input, the DPHCD uses census data and community surveys to guide our decision making process.

Patrick Sullivan, Director and Jennifer Clarke, Deputy Director of the Department of Planning, Housing, and Community Development (DPHCD) delivered the PowerPoint presentation on the Consolidated Plan and the Action Plan. The presentation summarized the mission of DPHCD and its federal funding sources, described eligible and ineligible activities, discussed projected budgets, and highlighted recent housing and community development projects funded with CDBG, HOME, and ESG funds.

Mr. Sullivan presented the Action Plan calendar and the important dates of the Action Plan process, including the technical assistance workshop. Mr. Sullivan then opened up the floor for questions and comments. All input and comments will be incorporated into the Annual Action Plan.

Daniel Everton (New Bedford Resident) stated being family with surveying and statistical analysis. A question was asked if the Community Develop Office collects stats or performs survey with questions related to the LGBTQ community.

Ms. Clarke stated that in the next 5 Year planning process, our office will be conducting community surveys and workshops were LGBTQ questions will be included.
Pamela MacLeod-Lima of the Women’s Center asked if her program can apply specifically for ESG HMIS funds and what is the process. It was then asked if ESG funds can be used for the purchase of computers.

Ms. Clarke explained that our office receives a grant from HUD specifically for HMIS services that homeless provider services can access. In terms of purchasing computers for your homeless program, this is an eligible expense thru the ESG program.

Pamela MacLeod-Lima of the Women’s Center then inquired about what it constitutes or means to be a first-time homebuyer. Some clients at the Women’s Center have either previously owned a home and/or want to purchase a home and go thru the first-time homebuyer classes offered by the Community Development Office.

Mr. Sullivan stated that HUD considers a first-time homebuyer someone who previously never owned a home and/or if you have not owned a home in the past five years.

Marjorie Ursini of the Early Learning Childcare Center said that her program previously applied for interior improvements at the center but will now be applying for rehabbing the infant playground. Does this type of improvement fall under the park or infrastructure category of the CDBG RFP application?

Mr. Sullivan stated that this type of playground improvement falls under the Public Facility eligibility category.

Viola Pina representing the Cape Verdean Veterans asked who actually completes the surveys that the Community Development Office puts out as part of the 5 Year Plan.

Mr. Sullivan explained that the Community Development Office conducts a citywide survey as part of the 5 Year Planning process in order to input from the community on a variety of components such as housing, services, parks, neighborhood improvements and suggestions such as LGBTQ. The next 5 Year Planning is approaching next fall. Besides conducting surveys, our office attends approximately 10 community and neighborhood meetings to get input. Our office even has a facebook presence with hundreds of friends who will receive our survey for input.

Mr. Sullivan said that one specific challenge some communities or programs are experiencing is access to free Wi-Fi. HUD stated that they want to ensure and promote access Wi-Fi. Our office is also interested in this initiative.

Martha Reed from Catholic Social Services commented that the city’s housing vacancy rate is currently very low. Ms. Reed asked if the city and/or programs are doing enough to promote / develop affordable housing units. Clients residing in Catholic Social Service housing programs are have difficulty finding affordable units. Rents continue to climb while incomes are stagnate.

Martha Reed then asked if Catholic Social Services wants to install Wi-Fi at the Sister Rose Shelter in the common area, what is the process.

Mr. Sullivan stated that they may apply either under the CDBG or ESG RFP application process.

Daniel Everton (New Bedford Resident) asked if there are incentives for first-time homebuyers who are also public servants.
Mr. Sullivan said that in the past there were incentives for police and teachers. However, this is no longer the case.

Daniel Everton (New Bedford Resident) then asked if individuals or families participating in HUD programs are required to provide proof of citizenship or evidence of permanent residency in order to participate in programs and services.

Mr. Sullivan stated that programs are not required to collect this type of information in order to qualify for program and services. Participants only need to be City residents.

Ms. Clarke then said the Women’s Center previously asked this question about undocumented individuals and HUD guidance was don’t ask / don’t tell.

Daniel Everton (New Bedford Resident) said that in a previous job at a government office, they were clearer on how to manage undocumented individuals and other cohorts. New Bedford seems to be more open.

Ashley Occhino of the New Bedford Art Museum asked if an organization can apply or submit more than one proposal / application?

Mr. Sullivan said yes. In the past, our office has funded organization for separate programs (i.e. public services and public facilities). Also, organizations can apply for multiple public service grants.

Lilliana Diaz-Santos from the Immigrant Assistance Center said that they see clients where the parents are illegal while the children are legal. In housing programs, the parents are required to provide documentation showing their legal status. This is impacting their ability to find housing. Can anything be done to address this issue.

Mr. Sullivan acknowledged that this is definitely a challenge and asked the Immigrants Assistance Center to document this issue and if increasing. Our office will investigate the issue and if needed, develop measures to address.

Kristina Da Fonseca of the South Coast Fair Housing program expressed some concern with the fact that immigrants are being asked to provide documentation. Ms. Da Fonseca was not sure if this question of legal status is applied equally to anyone apply for housing. This could be a fair housing issue and clear violation. This is even more concerning in a tight housing market.

Members from the North End Alliance suggested that maybe its time to conduct a forum to address inequality, discrimination and immigration related issues and concerns.

No additional comments, concerns or suggestions were received.

Finally, the RFP schedule was announced again and that RFPs are available at the DPHCD office and on the website and the technical assistance workshops are scheduled for January 11th.

Mr. Sullivan thanked everyone for coming and adjourned the meeting at 7:10pm.

Dear Mr. Sullivan:

On behalf of Dream Out Loud Center, Inc., I would like to extend my support after reviewing the Draft FY 2019 Annual Action Plan.

The Community Development Block Grant funds have been vital to our Teen Creative Careers Program, and have allowed us to service over 100 youth this past year. Our program provides teens with a structured setting that allows them to express their community solutions through creative writing, art, and music. Students communicate their positive messages to a wide demographic audience in the community by performing, producing CDs and distributing publications. Students also attended community events such as AHA and participated in college and career exploratory activities.

Without funding such as The Community Development Block Grant, many of our students would not have a safe, productive place to attend after-school and would most likely turn to gangs, drugs and other illegal activity that is destructive to our community. The Community Development Block Grant has given our youth the opportunity to become active community members and positive role models for their peers.

I look forward to our continued work together.

Sincerely,

Tracy Furtado-Chagas
Executive Director

Dear Mr. Sullivan:

The Immigrants’ Assistance Center, Inc. (IAC) is pleased to submit a letter of support to the Department of Planning, Housing and Community Development’s Annual Action Plan for FY 2019. The Action Plan describes how federal grant funds and anticipated program income will be used in the coming year to address priority needs and objectives identified in the City’s five year Consolidated Plan.

The grant that the IAC receives from Community Development Block Grant allows the IAC to provide social services to the Non-English Speaking residents of the city of New Bedford who are low-income. Through this grant the IAC is able to assist the non-English speakers become aware of regulations, guidelines, and programs and give the immigrant community the tools which will allow them to be connected to mainstream resources. In return the immigrant community can facilitate their lives financially, feel less isolated and are able to integrate into the mainstream community.

The funds from Community Development Block Grant makes a tremendous impact on the lives of the low income non-English Speakers of the city of New Bedford on a daily basis without the support of CDBG the IAC would not be able to provide assistance to this much needed venerable community.

I strongly urge you to support the City of New Bedford Annual Action Plan for FY 2019.  
Thank you in advance for your support.

April 10, 2019

Dear Patrick,

I am writing to support the FY19 Community Development Block Grant (CDBG) Program and the Emergency Solutions Grant (ESG) Program Action Plan for the City of New Bedford. The New Bedford Office of Housing & Community Development’s Non-Housing Objectives support and promote vital community-based public services by allowing funded agencies to serve low and moderate income and at risk persons, households and special needs populations. The funding provided by CDBG allows us to deliver services to this community in underserved areas of our city.

CDBG funding for recreational and employment readiness programs allows us to provide direct services to at risk families and individuals through three separate programs. In our Full STEAM Ahead program we are able to provide free after school programs at schools in New Bedford with low to very low income populations meeting a vital community need for supervised out of school time educational opportunities. We are continuing to grow our Full STEAM Ahead curriculum at these programs providing city youth with hands on learning opportunities. The Kennedy Summer Day Program provides quality out of school time accommodation for families during the summer months with additional CDBG funds. CDBG funds also allow us to provide summer food to at risk children and youth in the city by providing funds to employ youth to deliver the food and recreational activities in city parks and other sites with our Seasonal Training Employment Program. The seasonal jobs program helps to meet the identified need for job training and job readiness for city youth who receive job coaching throughout the year in after school and other direct service programs while also providing much needed income for youth and families.

We are blessed to have this funding in our City providing much needed revenue for public services and infrastructure improvements that enhance the quality of life for all City residents. The OPHCD staff is conscientious, thorough and committed to improving the life of residents in the City of New Bedford.

Sincerely,

Mary S. Krapoza

Re: FY 2019 Draft Annual Action Plan

Dear Mr. Sullivan:

After reviewing the 2019 Draft Annual Action Plan, Youth Opportunities Unlimited, Inc. (Y.O.U.) fully endorses the Plan's content and objectives.

With CDBG funding and consistent with its primary objectives, a significant number of LMI individuals have been receiving much-needed services and are being provided with opportunities not otherwise available to them. Whereas many members of the Y.O.U. Board and Staff are City residents, they can attest firsthand to the meaningful impact of CDBG funds upon improving the quality of life in City neighborhoods. Thus, Y.O.U. is pleased to endorse the Plan and to continue working with community partners at enhancing the quality of life for the City's low and moderate income residents.

   a. Client will complete Vulnerability Index in order to go onto a waiting list for PSH (Permanent Supporting Housing), or Transitional Housing.
   b. Client will be given a score based on need and will referred to an opening in PSH or Transitional Housing based on priority rating which is determined by the vulnerability index.
   c. If there are no openings available client will enter a waiting list which is based on those with the most need.

5. Shelter Services
   a. Staff will attempt to locate shelter for the individual or family based on availability provided to THE CALL each morning.
   b. Staff will assist with providing a family information as to how to access DHCD (Department of Housing and Community Development) assistance for EA (Emergency Assistance) shelter services.
   c. Staff will contact shelters not utilizing the Coordinated Entry system to attempt to locate an opening for immediate service.
   d. If no shelter bed is available individual or family can complete a SPDAT (Service Prioritization Decision Assessment Tool) to determine place on waiting list if bed becomes available after shelter curfew.

**Coordinated Intake Eligibility**

**Emergency Shelter**
- Must be literally homeless according to HUD definitions
- Can be safely maintained in shelter and behavior is not an obstacle to safety
- Registered sex offenders are not eligible
- Families must be referred to Massachusetts (DHCD) Department of Housing and Community Development located within the (DTA) Department of Transitional Assistance before offered other shelter/housing options.
- Emergency Shelter should be reserved for the most vulnerable, hardest-to-serve clients.

ESG sub-recipients must re-evaluate the program participant’s eligibility and the types and amounts of assistance the participant needs; not less than once every three (3) months for participants who are receiving homelessness prevention assistance, and not less than once annually for participants who are receiving rapid re-housing assistance.

At the sub-recipient’s discretion, re-evaluations may be conducted more frequently than required by 24 CFR 576.401 and may also be incorporated into the case management process which must occur not less than monthly for homeless prevention and rapid re-housing participants – See 24 CFR 576.401 (e) (i). Regardless of which timeframe is used, re-evaluations, must at minimum, establish that:

- The program participant does not have an annual income that exceeds thirty (30) percent of median family income for the area, as determined by HUD; and the program participant lacks sufficient resources and support networks necessary to retain housing without ESG assistance. To determine if an individual or family is income eligible, the sub-recipient must examine an individual or family’s annual income to ensure that it does not exceed the most current area income limits. **Note:** Annual income must be below thirty (30) percent at the time of the initial evaluation.

- When the program participant’s income or other circumstances change (e.g., changes in household composition) that affects the program participant’s need for assistance under ESG, the sub-recipient must re-evaluate the program participant’s eligibility and the amount and types of assistance the program participant needs.

Sub-recipients must assist each program participant, as needed, to obtain appropriate supportive services, including assistance in obtaining permanent housing, medical health treatment, mental health treatment, counseling, supervision, and other services essential for achieving independent living; housing stability case management; and other Federal, State, local, or private assistance available to assist the program participant in obtaining housing stability including:

- Medicaid;
- Supplemental Nutrition Assistance Program;
- Women, Infants and Children (WIC);
- Federal-State Unemployment Insurance Program;
- Social Security Disability Insurance (SSDI);
- Supplemental Security Income (SSI);
- Child and Adult Care Food Program, and
- Other mainstream resources such as housing, health, social services, employment, education services and youth programs than an individual or family may be eligible to receive.
2) Standards for targeting and providing essential services related to street outreach.

ESG funds may be used for costs of providing essential services necessary to reach out to unsheltered homeless people; connect them with emergency shelter, housing, or critical services; and provide urgent, non-facility-based cared to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing, or an appropriate health facility. For the purposes of this section, the term “unsheltered homeless people” means individuals and families who qualify as homeless under paragraph (1) (i) of the “homeless” definition under 24 CFR Part 576.2.

As outlined in 24 CFR Part 576.101, essential services consist of:

- Engagement;
- Case management;
- Emergency health services – only when other appropriate health services are inaccessible or unavailable within the area;
- Emergency mental health services – only when other appropriate mental health services are inaccessible or unavailable within the area;
- Transportation; and
- Services for special populations

ESG Sub-recipients must determine an individual’s or family’s vulnerability and unwillingness or inability to access emergency shelter, housing, or an appropriate health facility, prior to providing essential services under this component to ensure that ESG funds are used to assist those with the greatest need for street outreach assistance.

3) Policies and procedures for admission, diversion, referral, and discharge by emergency:

a. Emergency Shelter Definition
   The term Emergency Shelter was revised by 24 CFR Part 576.2 to mean “any facility, the primary purpose of which is to provide a temporary shelter for the homeless in general or for specific populations of the homeless and which does not require occupants to sign leases or occupancy agreements. This definition excludes transitional housing. However, projects that were funded as an emergency shelter (shelter operations) under the FY 2010 Emergency Shelter Grants program may continue to be funded under the emergency shelter component under the Emergency Solutions Grants program, regardless of whether the project meets the revised definition.

b. Admission, Diversion, Referral and Discharge
   Consistent with Section (a) of this document, ESG sub-recipients must conduct an initial evaluation of all individuals or families to determine if they should be admitted to an emergency shelter, diverted to a provider of other ESG funded components (e.g. rapid re-housing or homeless prevention assistance) and/or referred for other mainstream resources.
ESG sub-recipients must determine that individuals and families meet criteria (1), (2), (3), or (4) of the Homeless Definition and rate the individual or family’s vulnerability to ensure that only those individuals or families that have the greatest need for emergency shelter assistance receive ESG funded assistance.

ESG Sub-recipients must also reassess emergency shelter participants, on an ongoing basis, to determine the earliest possible time that they can be discharged to permanent housing.

c. Safety and Shelter Needs of Special Populations
ESG funds may be used to provide services for homeless youth, victim services, and services for people living with HIV/AIDS, so long as the costs of providing these services are eligible under the regulations for the emergency shelter component found at 24 CFR Part 576.102.

Consistent with ESG record keeping and reporting requirements found at 24 CFR part 576.500, ESG sub-recipients must develop and apply written policies to ensure the safety of program participants through the following actions:

- All records containing personally identifying information (as defined in HUD’s standards for participation, data collection, and reporting in a local HMIS) of any individual or family who applies for and/or received ESG assistance will be kept secure and confidential.

- The address or location of any domestic violence, dating violence, sexual assault, or stalking shelter project assisted under the ESG will not be made public, except with written authorization of the person responsible for the operation of the shelter, and

- The address or location of any housing of a program participant, including youth, individuals living with HIV/AIDS, victims of domestic violence, dating violence, sexual assault, and stalking; and individuals and families who have the highest barriers to housing will not be made public, except as provided under a preexisting privacy policy of the sub-recipient and consistent with state and local laws regarding privacy and obligations of confidentiality.

In addition, ESG sub-recipients must adhere to the following ESG shelter and housing standards found at 24 CFR Part 576.403 to ensure that shelter and housing facilities are safe, sanitary, and adequately maintained:

- **Lead-based Paint Requirements.** The Lead-Based paint Poisoning Prevention Act applies to all shelters assisted under ESG program and all housing occupied by program participants. All ESG sub-recipients are required to conduct a Lead-Based Paint inspection on all units receiving assistance under the rapid re-housing AND homelessness prevention components if the unit was built before 1978 and a child under age of six or a pregnant woman resides in the unit.
• **Structure and Materials.** The shelter building should be structurally sound to protect residents from the elements and not pose any threat to health and safety of the residents.

• **Access.** The shelter must be accessible, and there should be a second means of exiting the facility in the case of emergency or fire.

• **Space and Security.** Each resident should have adequate space and security for themselves and their belongings. Each resident must have an acceptable place to sleep.

• **Interior Air Quality.** Each room or space within the shelter/facility must have a natural or mechanical means of ventilation. The interior air should be free of pollutants at a level that might threaten or harm the health of residents.

• **Water Supply.** The shelter’s water supply should be free of contamination.

• **Sanitary Facilities.** Each resident should have access to sanitary facilities that are in proper operating condition. These facilities should be able to be used in privacy, and be adequate for personal cleanliness and the disposal of human waste.

• **Thermal Environment.** The shelter/facility must have any necessary heating/cooling facilities in proper operating condition.

• **Illumination and Electricity.** The shelter/facility should have adequate natural or artificial illumination to permit normal indoor activities and support health and safety. There should be sufficient electrical sources to permit the safe use of electrical appliances in the shelter.

• **Food Preparation.** Food preparation areas, if any, should contain suitable space and equipment to store, prepare and serve food in a safe and sanitary manner.

• **Sanitary Conditions.** The shelter should be maintained in a sanitary condition.

• **Fire Safety-Sleeping Areas.** There should be at least one working smoke detector in each occupied unit of the shelter facility. In addition, smoke detectors should be located near sleeping areas where possible. The fire alarm system should be designed for a hearing-impaired resident.

• **Fire Safety-Common Areas.** All public areas of the shelter must have at least one working smoke detector.

4) Policies and procedures for assessing, prioritizing, and reassessing individual and family needs for essential services related to emergency shelter.

ESG funds may be used to provide essential services to individuals and families who are
in an emergency shelter. Essential services for participants of emergency shelter assistance can include case management, child care, education services, employment assistance and job training, outpatient health services, legal services, life skills training, mental health services, substance abuse treatment services, transportation, and services for special populations.

ESG sub-recipients are responsible to assess an individual or family’s initial need for emergency shelter and must re-assess their need on an ongoing basis to ensure that only those individual or families with the greatest need receive ESG funded emergency shelter assistance.

Upon completion and implementation of the CoC’s Centralized or Coordinated Assessment system, ESG recipients shall be required to use that system to help determine an individual or family need for emergency shelter or other ESG funded assistance.

5) Policies and procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.

Coordination to assist the homeless and prevent homelessness will come from the leadership of the statewide Continuum of Care. Active engagement and membership in the statewide CoC or local homeless coalition is strongly encouraged. The CoC will further engage and coordinate resources amongst other entities to improve current programs and funding.

6) Policies and procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals will receive rapid re-housing assistance.

The key to the success of any program is a screening and assessment process, which thoroughly explores a family’s or individual’s situation and pinpoints their unique housing and service needs. Based upon the assessment, families and individuals should be referred to the kinds of housing and services most appropriate to their situations and need.

Once in place, a centralized or coordinated assessment system will help to better match individuals and families with the most appropriate assistance. Under homelessness prevention assistance, funds are available to persons below 30% of Area Median Income (AMI), and are homeless or at risk of becoming homeless.

ESG funds can be used to prevent an individual or family from becoming homeless and/or regain stability in current housing or other permanent housing. Rapid re-housing funding will be available to those who are literally homeless to ultimately move into permanent housing and achieve housing stability.
7) Standards for determining the share of rent and utilities costs that each program participant must pay, if any, while receiving homelessness prevention or rapid re-housing assistance.

Standards for both homelessness prevention and rapid re-housing for determining the share of rent and utilities costs that each program participant must pay, if any, will be based on the following:

- Rental assistance cannot be provided for a unit unless the rent for that unit is at or below the Fair Market Rent limit, established by HUD.

- The rent charged for a unit must be reasonable in relation to rents currently being charged for comparable units in the private unassisted market and must not be in excess of rents currently being charged by the owner for comparable unassisted units. See 24 CFR 574.320.

- The rental unit must meet minimum habitability standards found at 24 CFR 576.403.

- There must be a rental assistance agreement and lease between property manager and tenant as well as the owner of property and ESG sub-recipient.

- No rental assistance may be made to an individual or family that is receiving rental assistance from another public source for the same time period, and

- Rental assistance may not be provided to a participant who is currently receiving replacement housing payments under Uniform Relocation Assistance Per 24 CFR 576.106 (e), ESG sub-recipient may make rental assistance payments only to an owner with whom the sub-recipient has entered into a rental assistance agreement. The rental assistance agreement must set forth the terms under which rental assistance will be provided, including the requirements that apply under this section. The rental assistance agreement must provide that, during the term of the agreement, the owner must give the sub-recipient a copy of any notice to the program participant to vacate the housing unit, or any complaint used under state or local law to commence an eviction action against the program participant.

8) Standards for determining how long a particular program participant will be provided with rental assistance and whether and how the amount of that assistance will be adjusted over time.

Subject to the general conditions under 24 CFR 576.103 and 24 CFR Part 576.104, ESG sub-recipients may provide a program participant with up to 24 months of rental assistance during any three (3) year period. This assistance may be short-term rental assistance, medium-term rental assistance, payment of rental arrears, or any combination of this assistance.

Short-term rental assistance is assistance for up to 3 months of rent. Medium-term rental assistance is assistance for more than 3 months but not more than 24 months of rent.
Payment of rental arrears may consist of a one-time payment for up to 6 months of rent in arrears, including any late fees on those arrears.

The maximum amount of rental assistance provided and, an individual or family’s level of responsibility for rent payments, over time, shall be determined by the ESG sub-recipient and shall be reflective of the individual or family’s need for rental assistance and the level of financial resources available to the ESG sub-recipient.

9) Standards for determining the type, amount, and duration of housing stabilization and/or relocation services to provide a program participant, including the limits, if any, on the homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance, maximum number of months the program participants received assistance; or the maximum number of times the program participants may receive assistance.

Subject to the general conditions under 24 CFR 576.103 and 24 CFR Part 576.104, sub-recipients may use ESG funds to pay housing owners, utility companies, and other third parties for some or all of the following costs, as allowed under 24 CFR 576.105:

- Rental application fees;
- Security deposits;
- Last month’s rent;
- Utility deposits;
- Utility payments;
- Moving costs, and
- Some limited services costs.

Consistent with 24 CFR 576.105 (c), ESG sub-recipients shall determine the type, maximum amount and duration of housing stabilization and/or relocation services for individuals and families who are in need of homeless prevention or rapid re-housing assistance through the initial evaluation, re-evaluation and ongoing case management processes.

Consistent with 24 CFR 576.105 (d), financial assistance for housing stabilization and/or relocation services cannot be provided to a program participant who is receiving the same type of assistance through other public sources or to a program participant who has been provided with replacement housing payments under the Uniform Relocation Act (URA) during the period of time covered by the URA payments.
PERFORMANCE STANDARDS for EVALUATING ESG

Performance Standards
The Emergency Solutions Grant funding emphasizes emergency shelter and homelessness prevention and rapid re-housing activities.

The City of New Bedford will evaluate ESG activities through the following two measurement systems:

1. **Outcome Based Evaluation:** All ESG funded agencies are required to provide qualitative and quantitative measures to aid in evaluation and to monitor progress during participation enrollment in ESG activities. Each program is required to select an outcome (from a mandated outcome list) that is aligned with the program’s core services. Programs will track how many of their clients achieved the outcome and report on it to the City in quarterly reports. Outcome performance will be considered in all funding application processes as part of the overall score.

2. **HMIS:** The information in HMIS will be used to determine how well programs are meeting the objectives of ESG. ESG activities are held to adhere with HUD data and technical standards and HUD performance thresholds. These include: participant length of stay in the ESG program, percent of participants leaving emergency shelter (ES) for transitional housing (TH) or permanent housing, percent of participants leaving transitional for permanent housing, percent of participants leaving ES and/or TH with increased access to mainstream services, percent of participants in ES and/or TH leaving with employment, percent of participants in ES and/or TH leaving with increased income. All these measures are captured, followed over time and analyzed using the Homeless Management Information System (HMIS). Performance standards and outcome measures for emergency shelter and homelessness prevention and rapid re-housing activities should include, at least, the following: greater stability in housing, increased self-sufficiency, improved budget planning and financial management.
OPERATIONAL STANDARDS for THE CALL

1.0 OVERVIEW.

The CALL (Coordinated Assessment to Local Links) is a coordinated entry process serving the three Continuums of Care (CoC) within Bristol County: New Bedford’s CoC (Homeless Service Providers Network—HSPN), Fall River’s CoC (Homeless Service Providers Coalition), and the Greater Bristol County/Attleboro/Taunton/ Coalition to End Homelessness’ CoC (GBCATCH). The CALL is established such that the entire geographic area claimed by each of the respective CoCs is covered by the Coordinated Entry System (CES). The CALL is operated by Catholic Social Services (CSS) under contract with each of the respective CoCs so noted.

The participating programs within each of these CoCs will work cooperatively to provide a single point of intake and initial assessment. This will assist residents in the continuums by meeting their housing needs with more efficiency. The CALL complies with the goals and regulations of the Emergency Solutions Grant (ESG) and the HEARTH (Homeless Emergency Assistance and Rapid Transition to Housing) Act and, through these operational standards, complies with the HUD Coordinated Entry Notice of the CoC Program interim rule: 24 CFR 578.7(a)8.

Referrals to housing, services and providers will be completed through a single source coordinated throughout each CoC. CSS is responsible for the operations of The CALL which will be the initial source for intake and initial assessment. All agencies receiving CoC or Emergency Solutions Grant (ESG) funding will be required to participate. Other programs within the CoCs are encouraged to participate. Oversight of the program process will be provided by an advisory committee comprised of representatives of the three Continuums of Care. Each Continuum may conduct its own monitoring of the program.

2.0 NONDISCRIMINATION POLICY.

The CALL operates a coordinated entry system that complies with applicable civil rights and fair housing laws and requirements. The process ensures the Fair Housing Act is followed which does not allow discriminatory practices based on race, color, religion, sex, national origin, disability, or familial status. The programs follow Section 504 of the Rehabilitation Act which prohibits discrimination on the basis of disability under any program or activity receiving Federal financial assistance. Households are prioritized based in the VI-SPDAT and type if disability does not factor into the decision for placement. Also, as households are accepted into programs solely based on their VI-SPDAT score and prioritized by chronic Homeless status Title VI of the Civil Rights Act is followed which prohibits
discrimination on the basis of race, color, or national origin under any program receiving Federal financial assistance. Title II and III of the American Disabilities Act are also followed as no public or private entity discriminates on the basis of disability. Compliance with the Equal Access in Accordance with an Individual’s Gender Identity rule will ensure no individual or family shall be discriminated against because of sexual orientation, gender identity or perceived gender identity.

In operating The CALL, Catholic Social Services CSS) shall provide equal access to services regardless of disability or difficulty with communication. Consumers have the right to request a reasonable accommodation as an exception to a policy or practice. A reasonable accommodation is a change, exception or adjustment to a rule, policy, practice or service. Such accommodation is not perceived as special treatment, but rather, providing equal opportunity in the use and enjoyment of the CALL that would otherwise not be possible without said accommodation. CSS can provide documents and interaction in multiple languages for those who have limited English proficiency to ensure they have access to emergency services and housing through the participating CoC programs.

The Coordinated Entry System is informed by Federal, State and local Fair Housing laws and regulations and ensures that participants are not “steered” toward any particular housing facility or neighborhood because of race, color, national origin, religion, sex, disability or the presence of children.

All participants in the coordinated entry system shall be informed of the ability to file a nondiscrimination complaint in accordance with the HUD Coordinated Entry Notice Section II.B.12.g.

3.0 PROCESS.
THE CALL process consists of several distinct components:

- **Marketing** of the CALL shall be an ongoing and robust undertaking to ensure maximum connection and exposure within the community.
- **Training** of the CALL staff shall be undertaken periodically and no less than annually; training of community partners shall be offered on an ongoing basis to ensure maximum connectivity and clarity.
- **Access** into the local homeless system.
- **Completion of a comprehensive and standardized assessment tool**, that being a vulnerability index, in order to assess each client based on HUD preferences further identified in these operational standards.
- **Strategic placement** based on client’s completed assessment and existing resources.
- **Monitoring and evaluation** to ensure efficacy of the process

3.1 MARKETING
The CALL will widely advertise services throughout the three CoC’s to ensure mainstream resources and consumers, alike, are made aware of the Coordinated Entry System and how one may enter the system for services. All marketing and advertising shall be done in a manner that ensures all people have fair and equal access to the Coordinated Entry System. Such strategic measures shall include, at a minimum:

3.11 The CALL and respective CoCs will affirmatively market housing and supportive services to eligible persons regardless of race, color, national origin, religion, sex, age, familial status, disability, actual or perceived sexual orientation, gender identity, marital status or who are least likely to apply in the absence of special outreach.
3.12 The CALL will ensure all people in different populations and subpopulations within the respective CoC’s geographic area—including people experiencing chronic homelessness, veterans, and families with children, youth and survivors of domestic violence—have fair and equal access to the Coordinated Entry process.

3.13 The CoC’s will advertise in local publications germane to the CoC (such as StreetSheets in New Bedford’s CoC) which provide information on a variety of services for low income households, those struggling with addictions and/or those with mental health issues.

3.14 The CALL will produce and distribute business cards throughout the Continuums and other items with the hotline number in order to ensure consumers are aware of the appropriate point of contact for access into the Coordinated Entry System.

3.15 The CALL will conduct at least annual informational and/or training sessions in each Coc for those who are new to the homeless provider services as well as those who provide mainstream resources.

3.16 The CALL will be available to provide individualized agency training and/or technical assistance on the coordinated entry system upon request from the agency.

3.17 The CALL will post multi-language flyers at locations frequently utilized by those needing services including the local health clinics and bus stations.

3.18 The CoC shall post information about the existence of, and access to, the CALL on its website.

3.2 TRAINING
Because all CoC and ESG providers funded through McKinney Vento are required to participate in the CoC’s Coordinated Entry System, staff from those CoC and ESG providers must attend training session/s for the CALL prior to their authorized use of the system.

3.21 Any CoC provider wishing to produce referrals for Permanent Supportive Housing will complete training by the CoC regarding Coordinated Entry and the SPDAT. The training will be conducted by THE CALL at least annually and the individual will receive a certificate of completion certifying proficiency and authorization to use the system as a provider producing referrals for Permanent Supportive Housing. Anyone receiving such a certificate shall be considered a “trained provider” for the purposes of these Operational Standards.

3.22 The purpose of the training is to provide all staff administering assessments with access to materials that clearly describe the methods by which assessments are to be conducted with fidelity to the CoC’s coordinated entry written policies and procedures.

3.23 All training for the coordinated entry process shall include, but not be limited to a review of these Operational Standards including any adopted variations for specific subpopulations, requirements for use of assessment information to determine prioritization and criteria for uniform decision-making and referrals.

3.24 The CoC will consult with each participating project and a sampling of project participants on an annual basis to evaluate the intake, assessment and referral processes associated with the Coordinated Entry System. The requests for feedback must address the quality
and effectiveness of the entire coordinated entry experience for both participating projects and households. The sampling of project participants shall include, at a minimum, someone who was provided assistance through each of the following interventions: diversion, prevention, rapid rehousing or permanent housing as well as a client who may have identified as having a disability and/or falling into one or more of the noted subpopulations so as to ensure a spectrum of users in differing circumstances. See also Section 3.6 Monitoring & Evaluation.

3.3 ACCESS
The CoC offers the same assessment approach and standardized decision-making further described in Section 3.4 at all access points, all of which are usable by all people who may be experiencing homelessness or at risk of homelessness. The CALL shall be easily accessed by individuals and families seeking housing and/or services either directly at the ADA compliant CALL center located at 238 Bonney Street, New Bedford, within the geographic CoC or by telephone at 1-800-HOMELESS (1-800-466-3537) from a 508 or 774 area code anywhere within the CoC’s geographic boundaries. All calls coming into the call center will be handled as follows: a client in need of housing assistance, regardless of whether they’ve physically arrived at or called an ESG or CoC agency or a mainstream provider, will immediately be referred to the CALL’s 1-800-HOMELESS number. If no staff is immediately available, the person will be prompted to leave contact information with the CALL so that CALL staff can return the call. Once the CALL staff is connected with the caller, an initial client assessment shall be conducted and basic information will be recorded and logged. All clients will be served on a case by case basis with the goal being the location of appropriate resources for the client.

The CoC’s access points take reasonable steps to offer coordinated entry process materials and participant instruction in multiple languages to meet the needs of minority, ethnic and groups with Limited English Proficiency as well as providing appropriate auxiliary aids and services necessary to ensure effective communication (TTY, large type, etc.) Regardless of the operational hours of the CALL and the coordinated entry system, individuals are able to access emergency services such as emergency shelter, independent of the operating hours of the system’s intake and assessment processes by contacting the emergency shelter, directly. Once someone has entered emergency shelter, shelter staff shall work one-on-one with the individual in ensuring their direct access to the CALL and the coordinated system’s intake and assessment processes as soon as it becomes available.

3.31 Families. Because Massachusetts is a right-to-shelter state, all families seeking emergency shelter must go through the state’s Emergency Assistance (EA) system through the MA Department of Housing & Community Development’s (DHCD’s) “telephonic intake line” at 1.866.584.0653. Families should always contact the state for assistance through this line prior to contacting the CALL. Families contacting the CALL first will be provided with this information. Families contacting the CALL who have already been determined to be ineligible for state shelter will be assisted by CALL staff focusing on diversion and opportunities for rapid rehousing and permanent housing.

3.32 Victims of Domestic Violence, Stalking, Sexual Assault, Trafficking, Dating Violence. Domestic violence is a pattern of violence or intimidation in a relationship by one partner/person against another, designed to establish power and control over the victim. It may be physical, sexual and include psychological abuse or assaults. If the client is in imminent danger, fleeing, attempting to flee, under extreme life threatening duress or is involved in a current domestic violence situation, the CALL will immediately provide safety planning and connection with appropriate resources including: police, Safelink, and/or local
domestic violence shelters. No person shall be denied access to the coordinated entry process on the basis of being, or having been, a victim of domestic violence, sexual assault, trafficking, dating violence or stalking.

3.33 **Veterans.** If the client is a veteran, the client will be referred to the appropriate veteran’s agencies. The client will also be placed in an emergency shelter if needed and the receiving agency will refer for appropriate veteran services.

3.34 **Street Outreach.** Street outreach efforts funded under the ESG or CoC program shall be linked to the coordinated entry process. All street outreach efforts shall ensure that the outreach worker is providing the individual/s with both verbal (when possible) and printed materials regarding the existence of, and access to, the coordinated entry system and shall, to the greatest extent possible, offer an immediate access to the coordinated entry system by providing transportation and/or phone services to ensure direct and immediate ease of access to the CALL system.

All households who are included in more than one of the populations noted (such as a veteran who is a victim of domestic violence) shall be served at all access points for which they qualify.

### 3.4 STANDARDIZED ASSESSMENT TOOL (THE VI-SPDAT)

The CoC consistently applies one standardized assessment tool—the VI-SPDAT (Prioritization Decision Assessment Tool) in the operation of its coordinated entry system in order to ensure consistency throughout the CoC so as to achieve fair, equitable and equal access to services within the community.

3.41 A trained provider will complete a VI-SPDAT (Prioritization Decision Assessment Tool) with the client in order to go onto a waiting list for PSH (Permanent Supporting Housing).

3.42 A trained provider will give the completed Vulnerability Index as well as proof of homelessness or chronic homelessness and proof of disability to the CALL staff in order to enter the waitlist for Permanent Supportive Housing (PSH).

3.43 CALL staff will give the client a score based on the completed Vulnerability Index and will refer the client to an opening in PSH (if available) or, if there are no openings available, will place the client on a PSH wait list with the priority rating as determined by the vulnerability index.

3.44 The CALL’s standards, policies and/or procedures cannot be used to screen people out of the coordinated entry process due to perceived barriers to housing services including, but not limited to, too little or no income, active or a history of substance abuse, domestic violence history, resistance to receiving services, the type or extent of a disability-related services or supports that are needed, history of evictions or poor credit, lease violations or history of not being a leaseholder, or criminal record.

3.45 No part of the assessment process can require the disclosure of specific disabilities or diagnosis; such information can only be obtained for purposes of determining specific program eligibility in order to ensure appropriate referrals.
3.5 STRATEGIC PLACEMENT
The CoC uses the coordinated entry process to prioritize persons experiencing homelessness within the CoC’s geographic area based on:

- Specific and definable set of criteria that are documented, made publicly available and applied consistently throughout the CoC for all populations.
- The CoC’s Operational Standards including the factors and assessment information with which prioritization decisions are made.
- Prioritization policies and procedures within the CoC’s written standards (August 2016) regarding CoC and ESG under 24 CFR 578(a)(9) and 24 CFR 576.4.

Immediate interventions do not require prioritization based on severity of service need or vulnerability shall be those individuals or families requiring entry into emergency shelter or, in the case of cold weather, the overflow shelter. In such cases the following shall apply:

3.51 Shelter Services
a. Staff will attempt to locate shelter for the individual or family based on availability provided to the CALL each morning
b. Staff will assist with providing a family information as to how to access DHCD (Department of Housing and Community Development) assistance for EA (Emergency Assistance) shelter services
c. Staff will contact shelters not utilizing the Coordinated Entry system to attempt to locate an opening for immediate service
d. If no shelter bed is available individual or family can complete a SPDAT (Service Prioritization Decision Assessment Tool) to determine place on waiting list if bed becomes available after shelter curfew

Those interventions that do require prioritization based on severity of service need or vulnerability shall be those individuals not requiring emergency interventions. The following order, consistent with the CoC’s own written standards (August 2016) providing guidance for evaluating individuals and families’ eligibility for housing and/or services, will be used when assessing each individual client:

3.52 Diversion
a. CALL staff on duty will review potential resources with the client within their own family and resources.
b. Staff will review resources used in the past and potential resources that a client could use either temporarily while accessing services or could use to prevent the need for ongoing services
c. If sustaining housing is possible, divert to prevention or rapid re-housing

3.53 Prevention
a. Anyone presenting as a candidate for prevention services/assistance will be notified by CALL staff as to any necessary documentation needed for application. If the client has documentation, an appointment will be scheduled with ESG staff utilizing the centralized CSS Emergency Solutions calendar.
b. If client does not have documentation then an introductory letter will be mailed to the client identifying all documentation needed in order to apply for Prevention assistance.
3.54 Rapid Rehousing
   a. CALL staff will notify a client who may qualify for Rapid Rehousing services indicating what documentation is needed for application. If the client has documentation, an appointment will be scheduled.
   b. If client does not have documentation then an introductory letter will be mailed to client stating all documentation needed in order to apply for Rapid Rehousing services
   c. If sustaining housing is possible, divert to prevention or rapid re-housing

3.55 Permanent or Transitional Housing
   a. Client will complete Vulnerability Index in order to go onto a waiting list for PSH (Permanent Supporting Housing), or Transitional Housing
   b. Client will be given a score based on need and will referred to an opening in PSH or Transitional Housing based on priority rating which is determined by the vulnerability index
   c. If there are no openings available client will enter a waiting list which is based on those with the most need

In addition to these placement standards for clients and eligibility standards in Section 4.0 of these Operational Standards, all other minimum standards presented in the CoC’s Written Standards (dated August 2016) shall additionally be met or exceeded by the respective programs providing each housing type.

3.6 MONITORING & EVALUATION

3.61 The City’s Department of Planning, Housing & Community Development is responsible for leading the evaluation process with assistance from the HSPN Coordinated Entry Committee. The purpose of the CALL’s evaluation is to identify opportunities to improve the processes and policies.

3.62 In addition to individual CoC monitoring, the SouthCoast Regional Network to End Homelessness (SoCo) may review the overall effectiveness of The CALL for the region, following HUD standards for Coordinated Entry Systems.

3.63 The CALL may additionally conduct its own stakeholder consultations, surveys or otherwise solicit feedback from providers and households as to the Coordinated Entry System.

3.64 The New Bedford CoC will conduct periodic monitoring of the CALL to ensure compliance with these Operational Standards, consistency with its contractual obligations with the City of New Bedford and efficiency and effectiveness in service delivery. In so doing the City of New Bedford will, as with all monitoring, carefully review data and processes in a manner that ensures client confidentiality.

4.0 ELIGIBILITY

Determination of eligibility differs from the process of prioritization. The CoC does not use data collected from the assessment process to discriminate or prioritize households for housing/services on a protected basis (e.g. race, color, religion, national origin, sex, age, familial status, disability, actual or perceived sexual orientation, gender identity or marital status).

4.1 Residency. When applying for any Permanent Supportive Housing (PSH) program or Emergency Shelter program (ES), residency is determined. Residency can be determined by current
placement (if placed in the Continuum, then they are eligible for Continuum services) or by showing reasonable ties to the City of New Bedford. Applicants should be able to show that they either became homeless in New Bedford and were forced to leave in order to find temporary housing or shelter, or have services in the community (medical, school, DTA, DCF, etc.) which would indicate that the City of New Bedford is their home of origin. In the case of emergency shelter, there should be a self certification that a person has become homeless in the City of New Bedford; this will suffice as to eliminating any barriers to emergency services. In the rare circumstance that there are NO eligible participants on the waitlist for PSH within the New Bedford Continuum, requesting a referral than the household with the highest SPDAT from the other two CoCs within Bristol County (Fall River and GBCATCH) will be sent as a referral. It is up to the program to determine if it will accept someone from outside the New Bedford CoC.

4.2 Thresholds.

4.21 Emergency Shelter
- Participants must meet the HUD definition of homelessness
- Participants can be safely maintained in shelter and behavior is not an obstacle to safety
- Registered sex offenders are not eligible
- Families must be referred to the Massachusetts (DHCD) Department of Housing and Community Development before offered other shelter/housing options.
- Emergency Shelter should be reserved for the most vulnerable, hardest-to-serve clients.

4.22 Transitional Housing
- Must be screened for diversion first
- Applicant must be homeless coming from shelter/s and/or streets with income below 30% AMI (Area Median Income).
- Applicant must be able to be safely maintained in the program
- Client cannot be slated for PSH AND
- At least one prior episode of homelessness (except young adults) AND
- Be classified as one of the following special subpopulations:
  - Young adult 18-24
  - Family with children under age 5
  - Substance use disorder
  - Behavioral health disorder
  - Military veteran
  - Fleeing DV and DV the cause of recent homeless episode

4.23 Rapid Re-Housing
- An intervention designed to help individuals and families quickly exit homelessness and return to permanent housing.
- Offered without preconditions (such as employment, income, absence of criminal record or sobriety)
- Resources and services are tailored to the unique needs of the household

4.24 Permanent Supportive Housing
- Must meet HUD definition of literally homeless AND
- Include one family member with a disability
- For HUD CoC-funded units, the priority for housing is given to those household who are defined as chronic homeless with the most barriers to housing
5.0 NOTIFICATION of VACANCIES

Participating agencies must complete eligibility forms (see addendum) for each participating program. Eligibility forms will be updated annually to reflect the most current bed counts and eligibility criteria. If a new program begins in a participating agency it will be the agency’s responsibility to submit the eligibility criteria form to THE CALL a minimum of five (business) days before the program begins.

If a new agency would like to participate with THE CALL they will first need to contact the CoC in their service area and execute an MOU (Memorandum of Understanding) for that Continuum. They will work with that Continuum to ensure they have provided the necessary documentation and information to participate in THE CALL.

Emergency Shelters for individual men and women are required to report vacancies between 8:30am-9:30am every morning [family emergency shelters are exempted from this since referrals come through the state]. On Friday, Saturday, and Sunday the on-call worker will contact each agency that contains emergency shelter beds by 9:30am and determine how many beds are open for the day in order to place individuals in case of an emergency. PSH and TH programs will report as openings occur.

5.1 Emergency Shelter

Providers must hold the vacancy on behalf of the referred client in accordance with the emergency shelter’s protocols. If the referred individual or family does not arrive at the shelter to claim a bed by the appointed time the shelter will contact THE CALL and notify that the bed has reopened for the evening.

5.2 Transitional Housing

Staff at the Housing program will determine eligibility and acceptance or rejection into the program within three business days. If the homeless family or individual is accepted, the receiving program must document that acceptance and arrange for move-in within three business days from acceptance. To ensure that vacancies are promptly filled, THE CALL may issue up to three referrals per vacancy.

5.3 Rapid Re-Housing

Once a person is determined initially eligible for rapid rehousing they are referred to a rapid-rehousing program. The CALL staff will discuss the household’s current situation and if whether they would likely be able to sustain housing in a unit with temporary rapid rehousing assistance. Should the determination be that sustainability would be possible, the household then schedules to meet with a case manager at the rapid rehousing program to which they are being referred. At their appointment, the client will complete the necessary paperwork proving they are eligible for services and will be instructed as to how to seek an affordable unit.

5.4 Permanent Supportive Housing

After the intake interview, staff will determine eligibility and acceptance or rejection into the program within five business days. If the homeless individual or family is accepted the receiving program must document that acceptance and arrange for move-in as follows:

- Project-Based PSH Program – dependent upon room readiness
- Scattered-Site PSH Program –
  - Dependent upon tenant’s acceptance of apartment
  - Dependent upon landlord acceptance of tenant
  - Dependent upon inspection of unit, repairs and re-inspection as applicable

To ensure that vacancies are promptly filled, THE CALL may issue up to three referrals per vacancy.
6.0 CLIENT/CONSUMER CHOICE – PREFERENCE AND DECLINE POLICY

In accordance with HUD standards, clients are able to decline a referral and continue to receive services. CoC coordinated entry participants are freely allowed to decide what information they provide during the assessment process, to refuse to answer assessment questions and to refuse housing and service options without retribution or limiting their access to other forms of assistance.

When a client refuses or rejects options presented to them, they maintain the right to remain on the placement/waiting list in accordance with their existing vulnerability index score.

Clients who accept a housing/service option at a program requiring certain pieces of information to ensure program eligibility when required (such as evidence of homelessness in order to comply with HUD’s definition of homelessness) must produce that evidence in order to maintain their access into that program.

7.0 PROVIDER DECLINE POLICY

7.1 Emergency Shelters

Emergency Shelters may only decline individuals and families found eligible for and referred by THE CALL under limited circumstances including:

- No actual vacancy available
- The household presents with more people than referred by THE CALL
- The Emergency Shelter has determined that the individual or family cannot be safely accommodated

The Emergency Shelter must accommodate the client or provide an appropriate referral and must report the reason for any decisions to reject a client to THE CALL. If the rejected client has not otherwise been accommodated for the night and no appropriate referral can be made, the Emergency Shelter must refer the client back to THE CALL.

7.2 Transitional Housing, Rapid Re-Housing, and Permanent Supportive Housing

The above listed housing programs may only decline individuals and families found eligible for and referred by THE CALL under limited circumstances which include the following:

- No actual vacancy available
- The Household presents with more people than referred by THE CALL
- The Household has missed two intake appointments
- Based on individual program policies and procedures, the Receiving Program has determined that the individual or family cannot be safely accommodated
- Based on individual program policies and procedures the Receiving Program has determined the individual cannot meet tenancy obligations with the supports provided by the program.
- The Household has not presented at the Receiving Program within five business days from the intake appointment.

Programs may not decline persons with psychiatric disabilities for refusal to participate in mental health services as long as the client reasonably complies with the tenancy and is of no harm to himself or others.

The Continuums of Care have agreed that Providers must accept at least two of every three referrals received from THE CALL.
If the client, referred by THE CALL, has not presented at the Receiving Program within five business days from the intake appointment, the Receiving Program must notify THE CALL and document the lack of follow through by the client. Should the client present at or contact the Receiving Program after more than five days from the appointment, the Receiving Program must refer the client back to THE CALL to update their information. The client is then placed back on the Centralized Waitlist.

7.3 Clients declined by all referrals
The CALL may convene a case conference in the event that a client has been declined by three programs. The purpose of the case conference will be to resolve barriers to the client receiving indicated level of service. The CALL will determine which parties will attend the case conference, including but not limited to the Assessment Entity, the receiving Programs, and other Collateral Contacts as determined necessary. The CALL will then arrange a conference with the client to discuss any alternative options.

8.0 RETURNS TO EMERGENCY SHELTER OR THE STREETS
If a client/household can no longer be served by a housing program and the Receiving Program has exhausted all of its agency resources, the CALL should be notified to determine if another placement could be made to prevent a return to emergency shelter or the streets.

9.0 HOLDING BEDS OR UNITS TO LOCATE CLIENTS

9.1 Emergency Shelter
Once a referral is made, the provider is required to hold a bed until a time as set by the Emergency Shelter’s protocols, in order for the individual or household to arrive at the Emergency Shelter.

9.2 Transitional Housing, Permanent Supportive Housing
Once a referral has been made by the CALL, the Receiving Program is required to hold the unit vacant for three business days in order to locate and inform the individual or household of the availability of housing and arrange the intake.

10.0 GRIEVANCE AND APPEALS POLICIES
Upon completion of an assessment, each client will be provided with a notice that forms are available upon request should they wish to file any type of grievance including a grievance for discrimination, placement decision, eligibility decision or other grievance. All households have the right to appeal eligibility and referrals made by the CALL. All appeals of this nature should be made in writing and submitted within 10 days of client notification to the CALL Evaluation Subcommittee of the SOCO (South Coast Regional Network to End Homelessness). The entity receiving the appeal must ensure that an objective third party reviews and responds in writing to all appeals within 14 days. Responses must be submitted to the CALL, Receiving Program and the client.

Grievances and/or appeals may be handled in one of three ways.

10.1 For those grievances and appeals directed to the program and/or program agency, all such matters will be handled within the agency to which the individual/family has been referred according to their policies and procedures.
10.2 If the client wishes to appeal or grieve an action of the CALL, the client may complete a grievance/appeal form and submit it to Catholic Social Services and the City’s Department of Planning, Housing & Community Development.¹

10.3 Should the client wish to appeal or grieve both the program and the CALL, the client may complete the form identifying the two separate issues and the reason for appeal/grievance of each respective entity and submit it to both the program and CALL.

11.0 DOCUMENTS
The CALL will utilize uniform documentation for initial assessment, vulnerability index, and other procedures. The following documentation will be provided to all agencies within the CALL as well as the Continuums of Care utilizing the CALL. The documentation will be part of the written standards and procedures. The documentation is subject to change as necessary in order to most effectively serve the clients.

The following documents will be used and are included within the ADDENDUM to these Operational Standards:

- THE CALL Initial Assessment
- SPDAT
- Flow Chart for Family Seeking Shelter
- Flow Chart for Individual Seeking Shelter
- Daily Bed Count for Emergency Shelters
- Bed Reporting Form for Transitional Housing Programs and Permanent Supportive Housing Programs
- Proof of Disability Form
- Proof of Chronic Homelessness Form
- Proof of Homelessness Form
- Release and Revocation of Services Form

12.0 DATA
The CALL will, on an ongoing basis, utilize and input client level data into the CoC’s Homeless Management Information System (HMIS) once the Case Worthy system is operational. The CALL staff shall work to ensure the highest level of data quality at all times.

Should the CoC vote to participate with the Statewide Data Warehouse anticipated to begin during 2018, the CALL will meet or exceed any relevant standards necessitated for its participation in the statewide system.

12.1 Privacy Protections. The CoC, through its HMIS Standards and CoC Standards requires the protection of all data collected through the CE assessment process. Security of this data will be reviewed during the City’s monitoring process of the CALL.

¹ The City’s Department of Planning, Housing & Community Development is the administrative agent for the New Bedford Continuum of Care and the grantee/monitoring agent for funding for the coordinated entry system.
12.2 Prior to the recording, logging or input of any data, consent from the client permitting the sharing and storage of their information for the purposes of assessing and referring them through the coordinated entry process and to better understand the efficiencies of the system shall first be obtained by the CALL.

12.3 The CoC prohibits denying services to clients in the client refuses to allow their data to be shared unless Federal Statute requires collection, use, storage and reporting of a client’s personally identifiable information as a condition of program participation.

12.2 All information/data within the CALL’s Prioritization List shall be maintained according to the same HMIS data privacy and security protections prescribed by HUD for HMIS practices in the HMIS Data and Technical Standards.

12.3 In accordance with Section 3.45 of these Operational Standards, the assessment process cannot require disclosure of specific disabilities or diagnosis. Specific diagnosis or disability information may only be obtained for purposes of determining program eligibility to make appropriate referrals.

Trained Provider
A “trained provider” is a staff person of either a CoC or ESG funded agency, or a mainstream resource staff person, who has been formally trained by CALL staff in the overall coordinated assessment process as well as the administration of the VI-SPDAT (Service Prioritization Decision Assessment Tool). The trained provider can, at the request of CALL staff, administer the SPDAT and provide the completed tool to the CALL. CALL staff will then, based on the completed tool, arrive at a Vulnerability Index score which will be used to rank users coming in to the system as regards their placement in housing.

Chronically Homeless (HUD Definition)
A “chronically homeless” individual is defined as a homeless individual with a disability who lives either in a place not meant for human habitation, a safe haven, or in an emergency shelter, or in an institutional care facility if the individual has been living in the facility for fewer than 90 days and had been living in a place not meant for human habitation, a safe haven, or in an emergency shelter immediately before entering the institutional care facility.

- In order to meet the “chronically homeless” definition, the individual also must have been living as described above continuously for at least 12 months, or on at least four separate occasions in the last 3 years, where the combined occasions total a length of time of at least 12 months.
- Each period separating the occasions must include at least 7 nights of living in a situation other than a place not meant for human habitation, in an emergency shelter, or in a safe haven.
- Chronically homeless families are families with adult heads of household who meet the definition of a chronically homeless individual. If there is no adult in the family, the family would still be considered chronically homeless if a minor head of household meets all the criteria of a chronically homeless individual. A chronically homeless family includes those whose composition has fluctuated while the head of household has been homeless.

Disability (HUD Definition)
A Physical, Mental or Emotional Impairment, including impairment caused by alcohol or drug abuse, post-traumatic stress disorder, or brain injury that is expected to be long-continuing or of indefinite duration, substantially impedes the individual’s ability to live independently, and could be improved by the provision of more suitable housing conditions; includes: Developmental Disability Defined in §102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 USC 15002) – a severe, chronic disability that is attributable to a mental or physical impairment or combination AND is manifested before age 22 AND is likely to continue indefinitely AND reflects need for a combination and sequence of special, interdisciplinary, or generic services, individualized supports, or other forms of assistance that are of lifelong or extended duration and are individually planned and coordinated. An individual may be considered to have a developmental disability without meeting three or more of the criteria listed previously, if individual is 9 years old or younger AND has a substantial developmental delay or specific congenital or acquired condition AND without services and supports, has a high probability of meeting those criteria later in life. HIV/AIDS Criteria Includes the disease of acquired immunodeficiency syndrome (AIDS) or any conditions arising from the etiologic agent for acquired immunodeficiency syndrome, including infection with the human immunodeficiency virus (HIV).

Literally Homeless (HUD Homeless Definition Category #1):
(1) Individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning: (i) Has a primary nighttime residence that is a public or private place not meant for human habitation; (ii) Is living in a publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state and local government programs); or (iii) Is exiting an institution where (s)he has resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution.

- [ ] Unable to pay rent
- [ ] Living in housing that has been condemned
- [ ] Experiencing high overcrowding that can’t last.

**Are you safe in your current living situation?**

The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2019 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
