City of New Bedford, Massachusetts

Mayor Jonathan F. Mitchell

SUBSTANTIAL AMENDMENT

FISCAL YEAR 2011-2012 ANNUAL ACTION PLAN
FOR
THE SECOND ALLOCATION OF EMERGENCY SOLUTION GRANT PROGRAM

April 26, 2012

Office of Housing and Community Development

Patrick J. Sullivan, Director

608 Pleasant Street, 2nd Floor

New Bedford, MA 02740

EQUAL HOUSING OPPORTUNITY

This substantial amendment is prepared and submitted in accordance with the City of New Bedford 's citizen participation plan and the requirements of 24 CFR Part 91, as amended by the Interim Rule. The following substantial amendment is provided in accordance with FR-5594-N-01.

A. General Information

Grantee Name	City of New Bedford, Massachusetts
Name of Entity or Department Administering Funds	Office of Housing and Community Development
HPRP Contact Person (person to answer questions about this amendment and HPRP)	Patrick J. Sullivan

Fax	508.979.1575

A. Summary The Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH Act), enacted into law in May 2009, amends and reauthorizes the McKinney-Vento Homeless Assistance Act with substantial changes, including:

- Consolidation of three homeless programs into a single grant program;
- Changes in HUD's definition of homelessness and chronic homelessness;
- Increased prevention and rapid re-housing resources; and,
- Increased emphasis on performance and continuum-wide coordination.
- The law revises the Emergency Shelter Grants program and renames the program the Emergency Solutions Grants. ESG is designed to broaden existing emergency shelter and homelessness prevention activities, emphasize rapid rehousing, and help people quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. ESG funds may be used for street outreach, emergency shelter services, homelessness prevention, rapid rehousing assistance and the Homeless Management Information System (HMIS).

As a requirement for acceptance of ESG funds, the City must amend its Consolidated Plan. The required amendment must include the following:

1. Standard Form-424
2. Summary of the consultation process with the City of New Bedford Continuum of Care (CoC)
3. Summary of citizen participation process
4. Meeting program match requirements
5. Proposed activities and overall budget
6. Written standards for provision of ESG assistance
7. Description of the process for making sub-awards
8. Homeless participation
9. Performance standards for evaluating ESG activities
10. Certification

B. Required Contents of Substantial Amendments

1. SF-424 – signed and including DUNS (To be included in the final amendment.)

2. Summary of the Consultation Process

The City began the consultation process with the New Bedford Homeless Service Provider Network (HSPN) the governing body of the New Bedford Continuum of Care (COC) in November 2011. Subsequent HSPN meetings in December, January and February, 2012 included review of the new Emergency Solutions Grant regulations. The March 2012 HSPN meeting focused on the priority needs for Homeless Prevention and Rapid Re-Housing services within the New Bedford COC. In addition to the HSPN meetings, the City, presented a detailed overview of the Hearth Act and Emergency Solutions Grant (ESG) Program at two public meetings, as part of the annual Action Plan process. Those meetings were also broadcast to the general public via the local cable access channel. Through this public process the City was able to gather input from both the general public and consult with the HSPN in determining how to allocate ESG fund for eligible activities. As the consultation process is continued, the City will have future meetings

with the HSPN as well as direct ESG recipients to develop performance standards and evaluate outcomes, as well as develop funding, policies, and procedures for the operation and administration of the HMIS.

3. Summary of the Citizen Participation Process

In addition to the HSPN meetings to gather input from the New Bedford COC providers, the City, presented a detailed overview of the Hearth Act and Emergency Solutions Grant (ESG) Program at two public meetings, as part of the Annual Action Plan process. Those meetings, held in January 2012, were advertised in accordance with the City's Citizen Participation Plan, and included, newspaper advertisements, website notifications, emails, facebook and general outreach through flyers and mass email messages. The two public hearings were also broadcast to the general public via the local cable access channel. On April 26, 2012, the Office of Housing and Community Development held a public hearing to receive citizen comments on the proposed substantial amendment to the FY 2011-2012 Annual Action Plan for the Emergency Solutions Grant Program (ESG).

The Draft version of the proposed amendment was made available beginning March 26, 2012 through April 26, 2012 on-line at: http://www.new-bedford.ma.us/cd/welcome.html, and at the City's Office of Housing and Community Development's offices at 608 Pleasant Street, second floor (Monday-Friday, 8:30 a.m.-4:00 p.m.) and the New Bedford Free Public Library, 613 Pleasant Street, Monday-Thursday, 9:00a.m. – 9:00p.m., Friday – Saturday, 9:00a.m. – 5:00p.m. The public had from March 26, 2012 through April 26, 2012 to review and submit comments on the Draft Plan Amendment. All comments were considered and summarized in the final version of the Amendment.

4. Match

Emergency Solutions Grant (ESG) expenditures must be matched dollar for dollar. The City of New Bedford requires that sub recipients of ESG funds provide documentation of matching resources. Match funds must equal or exceed the amount of grant funds requested.

MATCH REPORT		
Organization	**ESG Funding**	**Match/Source**
Steppingstone, Inc.	$12,562	$12,562/State- MDPH
Catholic Social Services, Inc. Catholic Social Services, Inc.	$20,000 $12,000	$20,000 /Catholic Charities $12,000/DHCD
PACE, Inc. PACE, Inc.	$11,831 $14,000	$12,000/ CSBG $15,000/FEMA

5. Proposed Activities and overall budget.

The City proposes the following activities for ESG funding:

1) Homelessness prevention
2) Rapid re-housing

The anticipated start and completion timeframe for services is from July 1, 2012 through June 30, 2013.

Organization	ESG Funding	Assistance Type	Description of Activities
Steppingstone, Inc.	$12,562	Rapid Re-Housing	Housing Relocation and Stabilization Services. Financial Assistance
Catholic Social Services, Inc. Catholic Social Services, Inc.	$20,000 $12,000	Rapid Re-Housing Homeless Prevention	Housing Relocation and Stabilization Services. Financial Assistance
PACE, Inc. PACE, Inc.	$11,831 $14,000	Rapid Re-Housing Homeless Prevention	Housing Relocation and Stabilization Services. Financial Assistance

The Total ESG funding is $74,542 for Round 2 allocations and $132,519 for Round I.

The final amendment document will also include the following details for each proposed activity:

- corresponding priority needs from the City's Annual Action Plan,
- additional description of the activity, including the number and types of persons to be served,
- standard objective and outcome categories, detailed ESG and other funding amounts,
- performance indicators, projected accomplishments, in accordance with each indicator, to be made within one year, and
- projected accomplishments, in accordance with each performance indicator, to be made over the period for which the grant will be used for that activity.

DISCUSSION OF FUNDING PRIORITIES

The City of New Bedford, in consultation with the HSPN, chose to fund the proposed activities based on the success of the HPRP Homelessness Prevention strategies in preventing individuals and families from becoming homeless. The focus of activities on Homeless Prevention was based on a demonstrated need in the New Bedford COC to focus on stabilization of families residing in their current housing situation to prevent homelessness or entry in the Homeless Shelter system.

The City of New Bedford plans to utilize ESG funds for Rapid Re-Housing and Homeless Prevention activities similar to those utilized in the Homeless Prevention and Rapid Re-Housing

Program. Rapid Re-Housing and Homeless Prevention activities are consistent with Opening Doors, the Federal Strategic Plan to Prevent and End Homelessness, and are the two types of activities allowable with the second allocation of ESG funds. In addition, the activities presented in the second allocation are consistent with the City's Consolidated Paln and Ten Year Plan to End homelessness.

DETAILED BUDGET
FY 2011 Detailed Budget Table 1 is attached.

6. Written Standards for Provision of ESG Assistance

a. Standard policies and procedures for evaluating individuals' and families' eligibility for assistance under ESG.

The subrecipient must conduct an initial evaluation to determine the eligibility of each individual or family's eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability in permanent housing. These evaluations must be conducted in accordance with the centralized or coordinated assessment requirements set forth under §576.400(d) and the written standards established under §576.400(e).

The subrecipient must re-evaluate the program participant's eligibility and the types and amounts of assistance the program participant needs not less than once every 3 months for program participants receiving homelessness prevention assistance, and not less than once annually for program participants receiving rapid re-housing assistance. At a minimum, each reevaluation of eligibility must establish that: (i) The program participant does not have an annual income that exceeds 30 percent of median family income for the area, as determined by HUD; and (ii) The program participant lacks sufficient resources and support networks necessary to retain housing without ESG assistance. When the program participant's income or other circumstances change (e.g., changes in household composition) that affects the program participant's need for assistance under ESG, the subrecipient must re-evaluate the program participant's eligibility and the amount and types of assistance the program participant needs.

When determining the annual income of an individual or family, the recipient or subrecipient must use the standard for calculating annual income under 24 CFR 5.609. Subrecipients must assist each program participant, as needed, to obtain appropriate supportive services, including assistance in obtaining permanent housing, medical health treatment, mental health treatment, counseling, supervision, and other services essential for achieving independent living; housing stability case management; other Federal, State, local, and private assistance available to assist the program participant in obtaining housing stability including;

(i) Medicaid (42 CFR chapter IV, subchapter C):
(ii) Supplemental Nutrition Assistance Program (7 CFR parts 271–283);
(iii) Women, Infants and Children (WIC) (7 CFR part 246);
(iv) Federal-State Unemployment Insurance Program (20 CFR parts 601–603, 606, 609, 614–617, 625, 640, 650);
(v) Social Security Disability Insurance (SSDI) (20 CFR part 404);

(vi) Supplemental Security Income (SSI) (20 CFR part 416);
(vii) Child and Adult Care Food Program (42 U.S.C. 1766(t) (7 CFR part 226));
(viii) Other assistance available under the programs listed in §576.400(c).

b. Policies and procedures for coordination among emergency shelter providers, essential service providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.

Coordination to assist the homeless and prevent homelessness will be led by HSPN. Active engagement and membership in the HSPN is required to receive funding. The HSPN will further engage and coordinate resources to improve current programs and funding strategies; and provide ongoing training as procedures are refined.

c. Policies and procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals will receive rapid re-housing assistance.

Based upon the assessment, families and individuals should be referred to the types of housing and services most appropriate to their situations. Under homelessness prevention assistance, funds are available to persons below 30% of Area Median Income (AMI), and are homeless or at risk of becoming homeless. These funds can be used to prevent an individual or family from becoming homeless and/or regain stability in current housing or other permanent housing.

Rapid re-housing funding will be available to those who are literally homeless to ultimately move into permanent housing and achieve housing stability

d. Standards for determining the share of rent and utilities costs that each program participant must pay, if any, while receiving homelessness prevention or rapid rehousing assistance.

Standards for both homelessness prevention and rapid re-housing for determining the share of rent and utilities costs that each program participant must pay, if any, will be based on the following:

- No rental assistance will be made if a client is receiving rental assistance from another public source for the same time period.
- Current Fair Market Rent (FMR) limits
- Rent reasonableness while taking into account the neighborhood
- Minimum habitability standards
- Rental assistance agreement and lease between property manager and tenant as well as owner of property and agency.

Per 24 CFR 576.106 (e), the subrecipient may make rental assistance payments only to an owner with whom the subrecipient has entered into a rental assistance agreement. The rental assistance agreement must set forth the terms under which rental assistance will be provided, including the requirements that apply under this section. The rental assistance agreement must provide that,

during the term of the agreement, the owner must give the subrecipient a copy of any notice to the program participant to vacate the housing unit, or any complaint used under state or local law to commence an eviction action against the program participant.

e. Standards for determining how long a particular program participant will be provided with rental assistance and whether and how the amount of that assistance will be adjusted over time.

Subject to the general conditions under §576.103 and §576.104, the subrecipient may provide a program participant with up to 24 months of rental assistance during any 3-year period. This assistance may be short-term rental assistance, medium-term rental assistance, payment of rental arrears, or any combination of this assistance.

- Short-term rental assistance is assistance for up to 3 months of rent.
- Medium-term rental assistance is assistance for more than 3 months but not more than 24 months of rent.
- Payment of rental arrears consists of a one-time payment for up to 6 months of rent in arrears, including any late fees on those arrears.

f. Standards for determining the type, amount, and duration of housing stabilization and/or relocation services to provide a program participant, including the limits, if any, on the homelessness prevention or rapid re-housing assistance that each program participant may receive, such as the maximum amount of assistance, maximum number of months the program participants receives assistance; or the maximum number of times the program participants may receive assistance.

Please refer to items (d) and (e) above.

7. Describe Process for Making Sub-awards

The City issued a Request for Proposals (RFP) in January, 2012 for the second Program Year 2011 allocation and Program Year 2012 allocation. Proposals were evaluated in the following areas:

Evaluation Criteria
Maximum Points Possible: 48

Quality of Program Design **14 Points**
Includes demonstration of unmet need, consistency with needs and priorities of the Consolidated Plan and Continuum of Care, overall program merit, coordination with existing services and evidence of community support

Quality of Proposal Elements **10 Points**
Includes outcomes, assessment plan, action plan/timeline and budget

Capacity and Experience **10 Points**
Includes direct experience, local experience, past grant administration, staffing and resources and partners

Funding Request **14 Points**
Includes use of leveraged funds or other resources and program sustainability

8. Homeless Participation Requirement

As a condition of their award funding, the City will require ESG subrecipients to have a homeless person or formerly homeless person involved in a policy-making capacity or in the operations of their programs to satisfy the ESG homeless participation requirement.

9. Performance Standards

The City is currently consulting with the HSPN regarding the performance standards for activities funded under ESG. The Consolidated plan, quarterly e-Snaps report, Annual Action Plan and CAPER, will be used as a guide for which performance standards will be recorded, tracked and produced in monthly or quarterly reports. General performance standards such as the unduplicated number of persons or households prevented from becoming homeless and the unduplicated number of persons or households assisted from emergency shelters/streets into permanent housing will be reported.

10. Certifications (to be provided by HUD and included in the final amendment)

C. Written standards required for recipients who are eligible and decide to use part of the second allocation of FY 2011 funds for emergency shelter and street outreach activities.
Not Applicable.

D. Requirements for recipients who plan to use the risk factor under paragraph (1)(iii)(G) of the "at risk of homelessness" definition.

The City will serve persons —at risk of homelessness‖ based on the risk factor —otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness.

1. Centralized or Coordinated Assessment System

Case managers use HMIS to collect data from intake to service exit. The COC currently does not have a centralized or coordinated assessment system. However, the HSPN is currently working with a sub-committee of the COC and the Regional Housing Agency SOCO to create a centralized or coordinated assessment system. The new system will seek to improve effective access for home-less people to homeless prevention, re-housing, shelter diversion, community case management, emergency shelter, transitional housing and other services to support housing stability.

2. Monitoring

The City monitors its ESG and other HUD programs to ensure compliance with HUD regulations and attainment of Consolidated Plan goals. Annual Action Plan activities are set up and tracked

in Integrated Disbursement Information System (IDIS) to allow ongoing review of activity expenditures and program performance. Data entry into IDIS is completed monthly and standard IDIS reports are reviewed for accuracy by the appropriate program staff according to an IDIS Standard Operating Procedure. The City uses Housing Works, a HMIS provider to check data entry and performance measurement for all existing McKinney-Vento Programs. The new ESG will be tracked in this same system.

Activity outputs and outcomes are reviewed at least quarterly to determine which activities are projected to meet planned performance goals. Compliance staff monitors internal operations along with sub-recipient agreements. Additional staff assists with internal monitoring duties according to local policies and procedures. Monitoring includes financial monitoring for program reimbursements, compliance with HUD objectives, consistency with HUD requirements, contract compliance, and program match requirements. At the beginning of each grant year, a monitoring Risk Analysis is completed for all subrecipients. The Risk Analysis identifies risk criteria and establishes a base-line level of risk for each entity. Entities are assigned levels of monitoring based on outcomes of the Risk Analysis. Sub-recipients are notified of the level of monitoring which they have been assigned prior to the execution of their contract.
A preliminary schedule of on-site monitoring visits is established prior to the beginning of the program year. Due to the fact that the Emergency Solutions Grant is a new program, all subrecipients will receive onsite monitoring. Program staff assures that sub-recipients expend funds in a timely manner. Non-compliance can result in suspension of funds, termination of the contract and request for repayment of funds provided under the contract. The City also monitors HMIS data on a quarterly basis

Certifications

**Allowable only if the amount obligated for homeless assistance activities using funds from the first allocation is less than the expenditure limit for emergency shelter and street outreach activities (see Section III.B. of this Notice).

ESG Certifications

The Emergency Solutions Grants Program Recipient certifies that:

Major rehabilitation/conversion – If an emergency shelter's rehabilitation costs exceed 75 percent of the value of the building before rehabilitation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed rehabilitation. If the cost to convert a building into an emergency shelter exceeds 75 percent of the value of the building after conversion, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 10 years after the date the building is first occupied by a homeless individual or family after the completed conversion. In all other cases where ESG funds are used for renovation, the jurisdiction will maintain the building as a shelter for homeless individuals and families for a minimum of 3 years after the date the building is first occupied by a homeless individual or family after the completed renovation.

Essential Services and Operating Costs – In the case of assistance involving shelter operations or essential services related to street outreach or emergency shelter, the jurisdiction will provide services or shelter to homeless individuals and families for the period during which the ESG assistance is provided, without regard to a particular site or structure, so long the jurisdiction serves the same type of persons (e.g., families with children, unaccompanied youth, disabled individuals, or victims of domestic violence) or persons in the same geographic area.

Renovation – Any renovation carried out with ESG assistance shall be sufficient to ensure that the building involved is safe and sanitary.

Supportive Services – The jurisdiction will assist homeless individuals in obtaining permanent housing, appropriate supportive services (including medical and mental health treatment, victim services, counseling, supervision, and other services essential for achieving independent living), and other Federal State, local, and private assistance available for such individuals.

Matching Funds – The jurisdiction will obtain matching amounts required under 24 CFR 576.201.

Confidentiality – The jurisdiction has established and is implementing procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted under the ESG program, including protection against the release of the address or location of any family violence shelter project, except with the written authorization of the person responsible for the operation of that shelter.

Homeless Persons Involvement – To the maximum extent practicable, the jurisdiction will involve, through employment, volunteer services, or otherwise, homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under the ESG program, in providing services assisted under the ESG program, and in providing services for occupants of facilities assisted under the program.

Consolidated Plan – All activities the jurisdiction undertakes with assistance under ESG are consistent with the jurisdiction's consolidated plan.

Discharge Policy – The jurisdiction will establish and implement, to the maximum extent practicable and where appropriate policies and protocols for the discharge of persons from

publicly funded institutions or systems of care (such as health care facilities, mental health facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent this discharge from immediately resulting in homelessness for these persons.
