The fabulous and unique Roger Williams Park Zoo's Jack-O-Lantern Spectacular Their wetlands trail will be lit by the glow of 5,000 jack-o-lanterns both on the ground and in the branches. See everything from tiny sugar pumpkins to gigantic jack-o-lanterns weighing up to 1,600 pounds!

The theme of this year's show is "American Treasures" and will feature a celebration of our nation's history and culture through the rich lens of commemorative postage stamps. Since the Postal Service began in the 1850s, commemorative stamps represent key events, places and cultural icons in thousands of extraordinary works of art. Visitors to the Spectacular will experience these images in special scenery where they are transformed into intricate carvings on illuminated pumpkins.

Elsewhere on the trail will be scenes featuring Humanitarian Heroes, Endangered Species, Science Theater, and Backyard Garden. And of course, Halloween favorites will be back **including** the dazzling Laughing Tree with its hundreds of illuminated pumpkins and iconic laughing music
