

Memo

DATE: February 4, 2014
TO: Sarah Porter
FROM: Rich Rheume
RE: CARDINAL PLACE

The following are responses to your comment letter of January 15, 2014:

1. The plans have been revised to make it clear that the 25 feet off the wetlands is to remain undisturbed.
2. The spillway will not extend into the 25 foot buffer zone.
3. The easement is only to establish that the future homeowner will not be allowed to obstruct flow from the spillway to the wetlands.
4. The spelling of Ilex glabra and Cornus Sericea have been corrected.
