Definitions Section 1200

Lot: Any lot or plot, in one ownership and not divided by a street and not within the limits of a public or private way upon which the lot abuts, occupied by one building and its accessory buildings and uses and including such open spaces as are required by this Ordinance.

Line: The dividing line between lots. A rear lot line is the lot line opposite to the street line, or in the case of a corner lot, the lot line elected by the owner, provided that it be indicated on the plans filed with the Inspector of Buildings as provided hereafter. On a corner lot, only one line can be considered a street line; all other lines shall be considered side lines.

Street: An accepted City way or a way established by or maintained under county, state, or federal authority, or a way established by a subdivision plan approved in accordance with the subdivision control law actually constructed to specifications or for which adequate security exists to construct such way.

Street line: The dividing line between a street and a lot.
