RE: Sassaquin Pond Request for Determination of Applicability

Dear Mr. Labelle,

A Request for Determination of Applicability was filed by your office back in September of 2013 for water quality improvements to Sassaquin Pond. The project has been continued on our agenda since November of 2013. The Conservation Commission would like to know when DPI plans on appearing before the Commission again. Hearing continuances have not been requested by the DPI in some time and we do not know if you wish to keep this project on our agenda. Normally a Hearing is continued to some date agreed upon by the Commission and the Applicant. We appreciate your attention to this matter.

Sincerely,

  
Sarah E. Porter  
Conservation Agent
