Dear Members of the New Bedford Conservation Commission:

The Order of Conditions (OOC) issued by the New Bedford Conservation Commission (the Commission) for the above referenced project will expire on October 21, 2016. Although the Project is advancing, it will not be complete prior to the expiration of the OOC. Therefore, the Massachusetts Department of Transportation – Highway Division (MassDOT) respectfully requests that the Commission extends the OOC for an additional three years.

We respectfully request that you place this matter on your agenda for the next available public hearing. Should you have any questions or require additional information please do not hesitate to contact Paul Cinquegrano at (857)368-9587 or paul.cinquegrano@state.ma.us.

Sincerely,

Jessica Kenny
