**WPA Emergency Certification Form**  
 Massachusetts Wetlands Protection Act M.G.L. c. 131, §40

**A. Emergency Information**

**Important:**  
 When filling out forms on the computer, use only the tab key to move your cursor - do not use the return key.

Issuance From: New Bedford Conservation Commission  
Issuing Authority

1. Site Location: Wildwood Rd. (Map 130F, Lot 8), New Bedford, 02745

2. Reason for Emergency:  
3 dilapidated structures are a health and safety risk.

3. Applicant to perform work: Contractor for the New Bedford Regional Vocational School

4. Public agency to perform work or public agency ordering the work to be performed:  
New Bedford Regional Vocational High School Facilities Manager.

5. Date of Site Visit:                      Start Date:                      End Date\*:  
2/20/2019                                      3/4/2019                                      4/2/2019  
\* no later than 30 days from start date or 60 days in the case of an Immediate Response Action approved by DEP to address an oil/hazardous material release.

6. Work to be allowed\*:  
 Removal of 3 dilapidated structures including an old residence, garage and shed. The site must be left in a safe condition so any holes left following removal of the structures shall be filled with clean fill to grade. Removal of 12-15 trees on the east side of Wildwood Road to permit access for contractor vehicles. Some of these trees are in the outer (>50') Buffer Zone from the Bordering Vegetated Wetland (BVW). The BVW is located on the west side of Wildwood Road. The buildings are located in between (west of) Wildwood road and the BVW.

\* May not include work beyond that necessary to abate the emergency.

**B. Signatures**

Certified to be an Emergency by this Issuing Authority.

---

**C. General Conditions**

1. Failure to comply with all conditions stated herein, and with all related statutes and other regulatory measures, shall be deemed cause to revoke or modify this Emergency Certification or subject to enforcement action.
2. This Emergency Certification does not grant any property rights or any exclusive privileges; it does not authorize any injury to private property or invasion of property rights.
3. This Emergency Certification does not relieve the applicant or any other person of the necessity of complying with all other applicable federal, state, or local statutes, ordinances, bylaws, or regulations.
4. Any work conducted beyond that described above, and any work conducted beyond that necessary to abate the emergency, shall require the filing of a Notice of Intent.
5. The Agent or members of the Conservation Commission and the Department of Environmental Protection shall have the right to enter and inspect the area subject to this Emergency Certification at reasonable hours to evaluate compliance with this Certification, and may require the submittal of any data deemed necessary by the Conservation Commission or the Department for that evaluation.
6. This Emergency Certification shall apply to any contractor or any other person performing work authorized under this Certification.
7. No work may be authorized beyond 30 days from the date of this certification without written approval of the Department.

---

**D. Special Conditions**

1. Straw wattles (12" in diameter) staked in the ground (stakes to be 6' apart) are to be placed at the edge of demolition disturbance and inspected by the Conservation Agent prior to the demolition. 2. Straw wattles are to remain in place until site is stabilized.

**E. Appeals**

The Department may, on its own motion or at the request of any person, review: an emergency certification issued by a conservation commission and any work permitted thereunder; a denial by a conservation commission of a request for emergency certification; or the failure by a conservation commission to act within 24 hours of a request for emergency certification. Such review shall not operate to stay the work permitted by the emergency certification unless the Department specifically so orders. The Department's review shall be conducted within seven days of: issuance by a conservation commission of the emergency certification; denial by a conservation commission of the emergency certification; or failure by a conservation commission to act within 24 hours of a request for emergency certification. If certification was improperly granted, or the work allowed thereunder is excessive or not required to protect the health and safety of citizens of the Commonwealth, the Department may revoke the emergency certification, condition the work permitted thereunder, or take such other action as it deems appropriate.
