Ordinance with respect to the size of lots or yards or to create a nonconformity or increase the degree of nonconformity that presently exists.

2712. Merger of lots. Adjacent lots held in common ownership on or after the effective date of this Section shall be treated as a single lot for zoning purposes so as to minimize nonconformities with the dimensional requirements of this Ordinance. Notwithstanding the previous sentence, adjacent lots in common ownership may be treated as separate lots for zoning purposes upon a finding by the zoning enforcement officer that the owner of said lots has expressly exhibited the intent to maintain the lots as separate. In making said finding the zoning enforcement officer shall rely on the following factors:

2712.a. The existence and maintenance of walls or fences along the original lot lines;

2712.b. The fact that the lots are separately assessed for tax purposes;

2712.c. The placement of structures on the various lots.

(Ord. of 12-23-03, § 1)

2730. Dimensional Variation. The Board of Appeals may vary otherwise applicable dimensional requirements pertaining to frontage, lot area, building height and sidelines upon finding that owing to circumstances relating to the soil conditions, shape, or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located, a literal enforcement of the provisions of the ordinance or by-law would involve substantial hardship, financial or otherwise, to the petitioner or appellant, and that desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of such ordinance or by-law.

(Ord. of 12-23-03, § 1)
