FOR IMMEDIATE RELEASE

January 4, 2010

New Household Hazardous Waste Day Drop-off Site

2010 is here! Mark your calendar for the New Bedford and Dartmouth Household Hazardous Waste Day Drop-off. The Greater New Bedford Regional Refuse Management District has scheduled the first collection for Saturday, April 17th, 9:00 a.m. to 12 noon. The District has centralized the collection to better serve New Bedford and Dartmouth residents. The new collection site will be at the Crapo Hill Landfill, 300 Samuel Barnet Blvd., New Bedford in the New Bedford Business Park, Exit 7 off Route 140. There will be no collection at your local Transfer Station. New Bedford and Dartmouth residents only. Proof of residency is required.

The objectives of the Household Hazardous Waste Drop-off are to protect the environment by reducing the amount and toxicity of pollutants released, to protect our sanitary workers and the Crapo Hill Landfill from adverse impacts of discarded household chemicals. To improve the health and safety of people in their homes the District provides educational material on how to purchase alternatives, use and store household chemical products. If you have any questions or would like some information visit us at www.gnbrmdistrict.org or call the District at 508-763-5924.
