

## CITY OF NEW BEDFORD

### ADDENDUM #1

The City of New Bedford issues the following Addendum #1 for

**IFB #15300355**

**June 1, 2015**

This addendum is issued in response to questions presented by potential bidders:

**Q1.** Exhibit "A" List of maintained Equipment; The first "location" listed is described as being New Bedford Public Schools What is the actual name of this facility?

**A1.** This was a typo and it has been corrected. It should have read, New Bedford High School.

**Q2.** Having surveyed many of these buildings in the past my records show The Normandin School as having 19 tampers and 14 flows, Exhibit A does not list these devices.

**A2.** The Exhibit A has been updated to list that the Normandin Middle School, having 19 tampers and 14 flows.

**Q3.** The Keith Middle School as having 21 tampers and 14 flows, Exhibit A does not list these devices.

**A3.** The Exhibit A has been updated to list that the Keith Middle School, having 21 tampers and 14 flows.

**Q4.** The Lincoln Elementary as having 5 tampers and 3 flows, Exhibit A does not list these devices.

**A4.** The Exhibit A has been updated to list that the Lincoln Elementary School, having 5 tampers and 3 flows.

**Q5.** The Keith Middle School there is listed 4 fusible links which would be (are) associated to the Kitchen hood (ANSUL) systems; is ansul systems test inspections part of the scope of this bid? Again having surveyed many of these buildings I am aware Normandin and Roosevelt have ANSUL Systems. Please advise.

**A5.** No, the ANSUL Systems are not part of this specification. The fusible links are for the smoke hatches and Fire Curtains. See the updated from 4 fusible links to 3.
